Dear Mr. Spitzer,

I would like to take a moment to thank you and the Parks and Recreation department for hosting pickleball. I am new to the game and started because of your program being available. I so enjoy this game, the people that participate make it such a fun activity.

I also would like to express my appreciation for your employee, Jacob. He is such a nice young man. He is always happy and quick to help, always smiling and even fills in if we do not have enough players. I think it's important that we recognize good personnel and I just wanted you to know what a very good job he is doing. The county is very lucky to have him.

Thanks again for the pickleball, you should come join us!

Sincerely,

Teresa Ormohundro
