Business Spotlight

- [The Oakland School](#)

- **Contact: Carol Williams**

- Oakland School is a small co-ed boarding and day school that enables bright children ages 6-13 to reach their academic and personal potential through small class size and individualized academic programs. Our overall student to teacher ratio is 5:1, and each child receives daily 1-1 teacher instruction.
- The school is well suited for students who have language-based learning differences, as well as for those who do not thrive in a traditional classroom setting. We are located on a beautiful 450 acre farm in Troy, and have an equestrian program in both our year-round and summer only programs.
- For more information, call 434-293-9059, check out their website at www.oaklandschool.net or visit their Facebook page at [The Oakland School](#).
