Visit the County website to learn more about volunteering for emergency services.

*Jefferson* PHARMACY

The "Community CPR Day" is sponsored by the State Farm Good Neighborhood Grant, Jefferson Pharmacy, and the Fluvanna County Department of Emergency Management.

# Announcements and Updates

- **Looking for a citizen representative for the **Community Policy and Management Team (CPMT)****
  - Meetings are held on the fourth Tuesday of the month at the Fluvanna Department of Social Services
  - CPMT creates, maintains and manages a collaborative system of services and funding that is child centered, family focused and community based when addressing the strengths and needs of troubled and at-risk youth and their families.

# Announcements and Updates

- **BOS Work Session Recommendations**
  - May 7
    - Alternative Revenue Sources
    - Strategic Initiatives Action Plan
  - June 4
    - County Buildings Utilization Review
    - Strategic Initiatives Action Plan

# Virginia Stormwater Management Program (VSMP)

- Required local implementation date is **July 1, 2014**
- Still engaged with local VSMP Ordinance review process with DEQ
- New law signed March 24<sup>th</sup> amending the Stormwater Management Act to limit the number of localities that must adopt local programs and included several other amendments (**“Opt Out” Option**)
- Amendments require that eight (8) new provisions be incorporated into local VSMP ordinances by May 15, 2014

## VSMP (cont.)

- Under the new law, Fluvanna is not required to adopt a local VSMP
- Deadline for initial “opt in” or “opt out” is **April 30, 2014**
- DEQ is still developing a new automated permit registration system
- DEQ has not provided VSMP plan review training for localities

# VSMP (cont.)

- **Staff Recommendation**
  - **Fluvanna County “opt out” of implementing the VSMP at this time**
- **Advantageous to most non-MS4 (Municipal Separate Storm Sewer Systems), rural localities, to have DEQ manage the program until such time as would be necessary to ensure that:**
  - **Local staff receives all required training and certification,**
  - **State’s automated permit registration system and associated program/project tracking processes have matured,**
  - **There has been sufficient time for localities to observe and interact with program implementation as administered by DEQ statewide,**
  - **State ordinance is no longer experiencing frequent or substantial change.**

# Announcements and Updates
