SEAL

Emergency Radio System - Sheriff's Site Tower

- **Circle on site plan represents potential fall zone.**
- **Trying to avoid small stream in the wooded area**
- **Tower up against the tree line, but don't want to infringe on the existing trees**
- **These towers are designed to withstand 100 mph winds.**
- **To come down, the tower would have to take a direct tornado hit. The sheriff's office roof (and possibly the building) would be gone beforehand.**

Announcements and Updates

- **Staff Holiday Party**
 - Friday, Dec 18th at Noon
 - Historic Courthouse
 - Ham and turkey provided
 - Bring a side dish or dessert to pass
