County Administrator Review

Fluvanna County...The heart of Virginia and your gateway to the future!

*For the Hearing-Impaired – Listening device available in the Board of Supervisors Room upon request. TTY access number is 711 to make arrangements.
For Persons with Disabilities – If you have special needs, please contact the County Administrator's Office at 591-1910.*

PLEDGE OF ALLEGIANCE

I pledge allegiance, to the flag,
of the United States of America,
and to the Republic for which it stands,
one nation, under God, indivisible,
with liberty and justice for all.

GENERAL RULES OF ORDER

1. It shall be the duty of the Chairman to maintain order and decorum at meetings. The Chairman shall speak to points of order in preference to all other members.
2. In maintaining decorum and propriety of conduct, the Chairman shall not be challenged and no debate shall be allowed until after the Chairman declares that order has been restored. In the event the Board wishes to debate the matter of the disorder or the bringing of order; the regular business may be suspended by vote of the Board to discuss the matter.
3. No member or citizen shall be allowed to use defamatory or abusive language directed at any member of the Board or other person, to create excessive noise, or in any way incite persons to use such tactics. The Chair shall be the judge of such breaches, however, the Board may by majority vote of the Board members present and voting to overrule the judgment of the Chair.
4. When a person engages in such breaches, the Chairman shall order the person's removal from the building, or may order the person to stand silent, or may, if necessary, order the person removed from the County property.

RULES OF PROCEDURE FOR PUBLIC HEARINGS

1. PURPOSE
 - The purpose of a public hearing is to receive testimony from the public on certain resolutions, ordinances or amendments prior to taking action.
 - A hearing is not a dialogue or debate. Its express purpose is to receive additional facts, comments and opinion on subject items.
2. SPEAKERS
 - Speakers should approach the lectern so they may be visible and audible to the Board.
 - Each speaker should clearly state his/her name and address.
 - All comments should be directed to the Board.
 - All questions should be directed to the Chairman. Members of the Board are not expected to respond to questions, and response to questions shall be made at the Chairman's discretion.
 - Speakers are encouraged to contact staff regarding unresolved concerns or to receive additional information.
 - Speakers with questions are encouraged to call County staff prior to the public hearing.
 - Speakers should be brief and avoid repetition of previously presented comments.
3. ACTION
 - At the conclusion of the public hearing on each item, the Chairman will close the public hearing.
 - The Board will proceed with its deliberation and will act on or formally postpone action on such item prior to proceeding to other agenda items.
 - Further public comment after the public hearing has been closed generally will not be permitted.

Fluvanna County...The heart of Virginia and your gateway to the future!

PUBLIC HEARING
Fluvanna County Board of Supervisors
Wednesday, May 18, 2022, at 7:00 p.m.

The Virginia Department of Transportation and the Board of Supervisors of Fluvanna County, in accordance with Section 33.2-331 of the Code of Virginia, will conduct a joint Public Hearing at the Carysbrook Performing Arts Center, 8880 James Madison Hwy, Fork Union, Virginia, at 7:00 p.m. on Wednesday, May 18, 2022. The purpose of this Public Hearing is to receive public comment on the proposed Secondary Six-Year Plan for Fiscal Years 2022/23 through 2027/28 in Fluvanna County, and on the Secondary System Construction Budget for Fiscal Year 2022/23. Copies of the proposed Plan and Budget may be reviewed at the Louisa Residency Office of the Virginia Department of Transportation, located at 3709 Davis Highway, Louisa, or at the Fluvanna County Administrator's Office located at 132 Main Street, Palmyra, Virginia.

All projects in the Secondary Six-Year Plan that are eligible for federal funds will be included in the Statewide Transportation Improvement Program (STIP), which documents how Virginia will obligate federal transportation funds.

Persons requiring special assistance to attend and participate in this hearing should contact the Virginia Department of Transportation at 829-7616. Persons wishing to speak at this public hearing should contact the Fluvanna County Administrator's Office at 434-591-1910.

DISCUSSION:	<p>The American Rescue Plan Act (ARPA) was signed into law by the President of the United States on March 11, 2021. As part of the Act, additional funding will be provided to state and local governments through the Coronavirus State Fiscal Recovery Fund and the Coronavirus Local Fiscal Recovery Fund (SLFRF). In early May 2021, Treasury published Interim final rule (IFR) and has since issued the final rule which takes effect on April 1, 2022.</p> <p>The funding is allocated for relief to:</p> <ul style="list-style-type: none"> Support urgent COVID-19 response efforts to continue to decrease spread of the virus and bring the pandemic under control; Replace lost public sector revenue to strengthen support for vital public services and help retain jobs; Support immediate economic stabilization for households and businesses; and, Address systemic public health and economic challenges that have contributed to the inequal impact of the pandemic on certain populations. <p>The Coronavirus State and Local Fiscal Recovery Funds provide substantial flexibility for each jurisdiction to meet local needs. These funds also deliver resources that recipients can invest in building, maintaining, or upgrading their water, sewer, and broadband infrastructure.</p> <p>In early May 2021, Treasury published Interim final rule (IFR) and has since issued the Final Rule which takes effect on April 1, 2022. After communication with our audit firm Robinson, Farmer, Cox Associates, PLC, they stated “The biggest change between the prior rule and the current rule is the establishment of a “standard allowance” of \$10</p>				

million for revenue loss. Funds received for revenue loss should be used for government services, which include any service traditionally provided by a government, unless Treasury has stated otherwise. Government services is the most flexible eligible use category under the SLFRF program, and funds are subject to streamlined reporting and compliance requirements. Accordingly, we are encouraging localities to consider using the revenue loss provisions available under the final rule. The election would need to be reported in April 2022 and additional guidance from the Treasury is expected as the reporting deadline approaches”.

The County’s full ARPA funding is \$5,296,878:

- Fluvanna County received \$2,648,439 in June 2021
- The County will receive another \$2,648,439 around June 2022.
- The covered period for funds use begins March 3, 2021 and ends on December 31, 2024, with a few important distinctions and exceptions to the covered period:
 - Funds must be INCURRED (i.e. obligated) by December 31, 2024
 - Funds must be EXPENDED with all WORK PERFORMED and COMPLETED by December 31, 2026

ARPA funds history and balance summary:

- The County has already committed through previous board action \$558,308 (see the ARPA Fund Balance Memo in the board package for detailed approved uses)
- The current balance from the first batch of funds already received is \$2,090,131 (see ARPA Fund Balance Memo)
- Once the second batch of funds are received in June 2022, the updated balance will be \$4,738,570
- On August 18, 2021, the board approved the Firefly Fiber Broadband VATI Grant submission, which was approved and required a County match of \$601,500. This project will be partnership between the County, Firefly and Dominion Energy to provide broadband in the unserved and underserved areas of the Dominion electric territory in the Fork Union district. At the time of grant submission, it was discussed and determined by the board the \$601,500 match would be utilized from the ARPA funds. This action will include a formal recommendation to commit the \$601,500 from ARPA funds. This ARPA category use of funds fall under is “Invest in water, sewer, and broadband infrastructure”. The balance after this will be \$4,137,070.
- Finally, as discussed at the board meeting on April 13, 2022 and also recommended by the County’s audit firm, this action will also include a recommendation to commit the remaining \$4,137,070 under the category of “Revenue Loss”, and recipients are permitted to use that amount (not to exceed the award amount) to fund “government services.” Government services generally include any service traditionally provided by a government and is the most flexible eligible use category under the SLFRF program, and funds are subject to streamlined reporting and compliance requirements.

See the summary chart on the next page.

	Description		Funds			
	1st Batch of ARPA Funds		\$		2,648,439.00	
	Current board approved uses		\$		(558,308.00)	
	subtotal		\$		2,090,131.00	
	Subtotal from above		\$		2,090,131.00	
	2nd Batch of ARPA Funds		\$		2,648,439.00	
	subtotal		\$		4,738,570.00	
	Subtotal from above		\$		4,738,570.00	
	Firefly Fiber Broadband VATI Grant		\$		(601,500.00)	
	Revenue Loss - Use for "Government Services"		\$		(4,137,070.00)	
	Total Remaining:		\$		-	
FISCAL IMPACT:	The use of these funds will not negatively affect the general fund balance, rather it will help to further advance needed projects in the community and provide the Board of Supervisors some flexibility to fund "Government Services", as defined by the U.S. Department of Treasury.

Locality Funding under the American Rescue Plan Act

Background

The American Rescue Plan Act (ARPA) was signed into law by the President of the United States on March 11, 2021. As part of the Act, additional funding will be provided to state and local governments through the Coronavirus State Fiscal Recovery Fund and the Coronavirus Local Fiscal Recovery Fund (SLFRF). In early May 2021, Treasury published Interim final rule (IFR) and has since issued the final rule which takes effect on April 1, 2022.

Allowability of Expenditures and Related Clarifications in the Final Rule

- Revenue Loss: The final rule offers a **standard allowance for revenue loss of up to \$10 million**, not to exceed a recipient's SLFRF award amount, allowing recipients to select between a standard amount of revenue loss or complete a full revenue loss calculation. Recipients that select the standard allowance may use that amount for government services. Treasury intends to amend its reporting forms to provide a mechanism for recipients to make a one-time, irrevocable election to utilize either the revenue loss formula or the standard allowance. **The standard allowance for revenue loss provides recipients with a mechanism to reduce the administrative burden that may be required for alternate uses of these funds.**
- To respond to the public health emergency and its negative economic impacts of the pandemic:
 - The final rule clarifies that recipients may use funds for capital expenditures that support an eligible COVID-19 public health or economic response.
 - The final rule presumes that an expanded set of households and communities are "impacted" or "disproportionately impacted" by the pandemic, thereby allowing recipients to provide responses to a broad set of households and entities without requiring additional analysis.
 - The final rule allows for a broader set of uses to restore and support government employment, including hiring above a recipient's pre-pandemic baseline, providing funds to employees that experienced pay cuts or furloughs, avoiding layoffs, and providing retention incentives.
- To respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay to eligible workers: The final rule offers more streamlined options to provide premium pay, by broadening the share of essential workers who can receive premium pay without a written justification while maintaining a focus on lower-income and frontline essential workers.

- To make necessary investments in water, sewer, or broadband infrastructure: The final rule significantly broadens eligible broadband infrastructure investments to address challenges with broadband access, affordability, and reliability, and adds additional eligible water and sewer infrastructure investments, including a broad range of lead remediation and stormwater management projects.

To evaluate a potential use of funds, recipients should first identify the broad category under which a potential use falls and then review the final ruling to determine if the potential use is allowable. The Final Ruling provides commentary and examples of allowable uses of funds. In addition, the Final Ruling provides detailed considerations that should be applied in determining eligibility of proposed expenditures.

Specific Ineligible Expenditures under the Act (examples)

- Depositing funds into any pension plan.
- Directly or indirectly offsetting a reduction of net tax revenue resulting from a change in law, regulation, or administrative interpretation.
- Payments for debt service and replenishments of rainy-day funds.
- Satisfaction of settlements and judgments.
- Uses that contravene or violate the ARPA, Uniform Guidance conflicts of interest requirements, and other federal, state, and local laws and regulations.

Period of Performance

Costs incurred on or after March 3, 2021. Further, funds must be obligated by December 31, 2024, and expended by December 31, 2026.

Coronavirus State & Local Fiscal Recovery Funds: Overview of the Final Rule

U.S. DEPARTMENT OF THE TREASURY

January 2022

The Overview of the Final Rule provides a summary of major provisions of the final rule for informational purposes and is intended as a brief, simplified user guide to the final rule provisions.

The descriptions provided in this document summarize key provisions of the final rule but are non-exhaustive, do not describe all terms and conditions associated with the use of SLFRF, and do not describe all requirements that may apply to this funding. Any SLFRF funds received are also subject to the terms and conditions of the agreement entered into by Treasury and the respective jurisdiction, which incorporate the provisions of the final rule and the guidance that implements this program.

Introduction

The Coronavirus State and Local Fiscal Recovery Funds (SLFRF), a part of the American Rescue Plan, delivers \$350 billion to state, local, and Tribal governments across the country to support their response to and recovery from the COVID-19 public health emergency. The program ensures that governments have the resources needed to:

- Fight the pandemic and support families and businesses struggling with its public health and economic impacts,
- Maintain vital public services, even amid declines in revenue, and
- Build a strong, resilient, and equitable recovery by making investments that support long-term growth and opportunity.

EARLY PROGRAM IMPLEMENTATION

In May 2021, Treasury published the Interim final rule (IFR) describing eligible and ineligible uses of funds (as well as other program provisions), sought feedback from the public on these program rules, and began to distribute funds. The IFR went immediately into effect in May, and since then, governments have used SLFRF funds to meet their immediate pandemic response needs and begin building a strong and equitable recovery, such as through providing vaccine incentives, development of affordable housing, and construction of infrastructure to deliver safe and reliable water.

As governments began to deploy this funding in their communities, Treasury carefully considered the feedback provided through its public comment process and other forums. Treasury received over 1,500 comments, participated in hundreds of meetings, and received correspondence from a wide range of governments and other stakeholders.

KEY CHANGES AND CLARIFICATIONS IN THE FINAL RULE

The final rule delivers broader flexibility and greater simplicity in the program, responsive to feedback in the comment process. Among other clarifications and changes, the final rule provides the features below.

Replacing Lost Public Sector Revenue

The final rule offers a standard allowance for revenue loss of up to \$10 million, allowing recipients to select between a standard amount of revenue loss or complete a full revenue loss calculation. Recipients that select the standard allowance may use that amount – in many cases their full award – for government services, with streamlined reporting requirements.

Public Health and Economic Impacts

In addition to programs and services, the final rule clarifies that recipients can use funds for capital expenditures that support an eligible COVID-19 public health or economic response. For example, recipients may build certain affordable housing, childcare facilities, schools, hospitals, and other projects consistent with final rule requirements.

In addition, the final rule provides an expanded set of households and communities that are presumed to be “impacted” and “disproportionately impacted” by the pandemic, thereby allowing recipients to provide responses to a broad set of households and entities without requiring additional analysis. Further, the final rule provides a broader set of uses available for these communities as part of COVID-19 public health and economic response, including making affordable housing, childcare, early learning, and services to address learning loss during the pandemic eligible in all impacted communities and making certain community development and neighborhood revitalization activities eligible for disproportionately impacted communities.

Further, the final rule allows for a broader set of uses to restore and support government employment, including hiring above a recipient’s pre-pandemic baseline, providing funds to employees that experienced pay cuts or furloughs, avoiding layoffs, and providing retention incentives.

Premium Pay

The final rule delivers more streamlined options to provide premium pay, by broadening the share of eligible workers who can receive premium pay without a written justification while maintaining a focus on lower-income and frontline workers performing essential work.

Water, Sewer & Broadband Infrastructure

The final rule significantly broadens eligible broadband infrastructure investments to address challenges with broadband access, affordability, and reliability, and adds additional eligible water and sewer infrastructure investments, including a broader range of lead remediation and stormwater management projects.

FINAL RULE EFFECTIVE DATE

The final rule takes effect on April 1, 2022. Until that time, the interim final rule remains in effect; funds used consistently with the IFR while it is in effect are in compliance with the SLFRF program.

However, recipients can choose to take advantage of the final rule’s flexibilities and simplifications now, even ahead of the effective date. Treasury will not take action to enforce the interim final rule to the extent that a use of funds is consistent with the terms of the final rule, regardless of when the SLFRF funds were used. Recipients may consult the *Statement Regarding Compliance with the Coronavirus State and Local Fiscal Recovery Funds Interim Final Rule and Final Rule*, which can be found on Treasury’s website, for more information on compliance with the interim final rule and the final rule.

Overview of the Program

The Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program provides substantial flexibility for each jurisdiction to meet local needs within the four separate eligible use categories. This Overview of the Final Rule addresses the four eligible use categories ordered from the broadest and most flexible to the most specific.

Recipients may use SLFRF funds to:

- **Replace lost public sector revenue**, using this funding to provide government services up to the amount of revenue loss due to the pandemic.
 - Recipients may determine their revenue loss by choosing between two options:
 - A standard allowance of up to \$10 million in aggregate, not to exceed their award amount, during the program;
 - Calculating their jurisdiction's specific revenue loss each year using Treasury's formula, which compares actual revenue to a counterfactual trend.
 - Recipients may use funds up to the amount of revenue loss for government services; generally, services traditionally provided by recipient governments are government services, unless Treasury has stated otherwise.
- **Support the COVID-19 public health and economic response** by addressing COVID-19 and its impact on public health as well as addressing economic harms to households, small businesses, nonprofits, impacted industries, and the public sector.
 - Recipients can use funds for programs, services, or capital expenditures that respond to the public health and negative economic impacts of the pandemic.
 - To provide simple and clear eligible uses of funds, Treasury provides a list of enumerated uses that recipients can provide to households, populations, or classes (i.e., groups) that experienced pandemic impacts.
 - Public health eligible uses include COVID-19 mitigation and prevention, medical expenses, behavioral healthcare, and preventing and responding to violence.
 - Eligible uses to respond to negative economic impacts are organized by the type of beneficiary: assistance to households, small businesses, and nonprofits.
 - Each category includes assistance for "impacted" and "disproportionately impacted" classes: impacted classes experienced the general, broad-based impacts of the pandemic, while disproportionately impacted classes faced meaningfully more severe impacts, often due to preexisting disparities.
 - To simplify administration, the final rule presumes that some populations and groups were impacted or disproportionately impacted and are eligible for responsive services.

Coronavirus State & Local Fiscal Recovery Funds: Overview of the Final Rule

U.S. DEPARTMENT OF THE TREASURY

- Eligible uses for assistance to impacted households include aid for re-employment, job training, food, rent, mortgages, utilities, affordable housing development, childcare, early education, addressing learning loss, and many more uses.
- Eligible uses for assistance to impacted small businesses or nonprofits include loans or grants to mitigate financial hardship, technical assistance for small businesses, and many more uses.
- Recipients can also provide assistance to impacted industries like travel, tourism, and hospitality that faced substantial pandemic impacts, or address impacts to the public sector, for example by re-hiring public sector workers cut during the crisis.
- Recipients providing funds for enumerated uses to populations and groups that Treasury has presumed eligible are clearly operating consistently with the final rule. Recipients can also identify (1) other populations or groups, beyond those presumed eligible, that experienced pandemic impacts or disproportionate impacts and (2) other programs, services, or capital expenditures, beyond those enumerated, to respond to those impacts.
- **Provide premium pay for eligible workers performing essential work**, offering additional support to those who have and will bear the greatest health risks because of their service in critical sectors.
 - Recipients may provide premium pay to eligible workers – generally those working in-person in key economic sectors – who are below a wage threshold or non-exempt from the Fair Labor Standards Act overtime provisions, or if the recipient submits justification that the premium pay is responsive to workers performing essential work.
- **Invest in water, sewer, and broadband infrastructure**, making necessary investments to improve access to clean drinking water, to support vital wastewater and stormwater infrastructure, and to expand affordable access to broadband internet.
 - Recipients may fund a broad range of water and sewer projects, including those eligible under the EPA’s Clean Water State Revolving Fund, EPA’s Drinking Water State Revolving Fund, and certain additional projects, including a wide set of lead remediation, stormwater infrastructure, and aid for private wells and septic units.
 - Recipients may fund high-speed broadband infrastructure in areas of need that the recipient identifies, such as areas without access to adequate speeds, affordable options, or where connections are inconsistent or unreliable; completed projects must participate in a low-income subsidy program.

While recipients have considerable flexibility to use funds to address the diverse needs of their communities, some restrictions on use apply across all eligible use categories. These include:

- **For states and territories:** No offsets of a reduction in net tax revenue resulting from a change in state or territory law.

Coronavirus State & Local Fiscal Recovery Funds: Overview of the Final Rule

- **For all recipients except for Tribal governments:** No extraordinary contributions to a pension fund for the purpose of reducing an accrued, unfunded liability.
- **For all recipients:** No payments for debt service and replenishments of rainy day funds; no satisfaction of settlements and judgments; no uses that contravene or violate the American Rescue Plan Act, Uniform Guidance conflicts of interest requirements, and other federal, state, and local laws and regulations.

Under the SLFRF program, funds must be used for costs incurred on or after March 3, 2021. Further, funds must be obligated by December 31, 2024, and expended by December 31, 2026. This time period, during which recipients can expend SLFRF funds, is the “period of performance.”

In addition to SLFRF, the American Rescue Plan includes other sources of funding for state and local governments, including the [Coronavirus Capital Projects Fund](#) to fund critical capital investments including broadband infrastructure; the [Homeowner Assistance Fund](#) to provide relief for our country’s most vulnerable homeowners; the [Emergency Rental Assistance Program](#) to assist households that are unable to pay rent or utilities; and the [State Small Business Credit Initiative](#) to fund small business credit expansion initiatives. Eligible recipients are encouraged to visit the Treasury website for more information.

Replacing Lost Public Sector Revenue

The Coronavirus State and Local Fiscal Recovery Funds provide needed fiscal relief for recipients that have experienced revenue loss due to the onset of the COVID-19 public health emergency. Specifically, SLFRF funding may be used to pay for “government services” in an amount equal to the revenue loss experienced by the recipient due to the COVID-19 public health emergency.

Government services generally include any service traditionally provided by a government, including construction of roads and other infrastructure, provision of public safety and other services, and health and educational services. Funds spent under government services are subject to streamlined reporting and compliance requirements.

In order to use funds under government services, recipients should first determine revenue loss. They may, then, spend up to that amount on general government services.

DETERMINING REVENUE LOSS

Recipients have two options for how to determine their amount of revenue loss. Recipients must choose one of the two options and cannot switch between these approaches after an election is made.

- 1. Recipients may elect a “standard allowance” of \$10 million to spend on government services through the period of performance.**

Under this option, which is newly offered in the final rule Treasury presumes that up to \$10 million in revenue has been lost due to the public health emergency and recipients are permitted to use that amount (not to exceed the award amount) to fund “government services.” The standard allowance provides an estimate of revenue loss that is based on an extensive analysis of average revenue loss across states and localities, and offers a simple, convenient way to determine revenue loss, particularly for SLFRF’s smallest recipients.

All recipients may elect to use this standard allowance instead of calculating lost revenue using the formula below, including those with total allocations of \$10 million or less. Electing the standard allowance does not increase or decrease a recipient’s total allocation.

- 2. Recipients may calculate their actual revenue loss according to the formula articulated in the final rule.**

Under this option, recipients calculate revenue loss at four distinct points in time, either at the end of each calendar year (e.g., December 31 for years 2020, 2021, 2022, and 2023) or the end of each fiscal year of the recipient. Under the flexibility provided in the final rule, recipients can choose whether to use calendar or fiscal year dates but must be consistent throughout the period of performance. Treasury has also provided several adjustments to the definition of general revenue in the final rule.

To calculate revenue loss at each of these dates, recipients must follow a four-step process:

- a. Calculate revenues collected in the most recent full fiscal year prior to the public health emergency (i.e., last full fiscal year before January 27, 2020), called the *base year revenue*.
- b. Estimate *counterfactual revenue*, which is equal to the following formula, where n is the number of months elapsed since the end of the base year to the calculation date:

$$\text{base year revenue} \times (1 + \text{growth adjustment})^{\frac{n}{12}}$$

The *growth adjustment* is the greater of either a standard growth rate—5.2 percent—or the recipient’s average annual revenue growth in the last full three fiscal years prior to the COVID-19 public health emergency.

- c. Identify *actual revenue*, which equals revenues collected over the twelve months immediately preceding the calculation date.

Under the final rule, recipients must adjust actual revenue totals for the effect of tax cuts and tax increases that are adopted after the date of adoption of the final rule (January 6, 2022). Specifically, the estimated fiscal impact of tax cuts and tax increases adopted after January 6, 2022, must be added or subtracted to the calculation of actual revenue for purposes of calculation dates that occur on or after April 1, 2022.

Recipients may subtract from their calculation of actual revenue the effect of tax increases enacted prior to the adoption of the final rule. Note that recipients that elect to remove the effect of tax increases enacted before the adoption of the final rule must also remove the effect of tax decreases enacted before the adoption of the final rule, such that they are accurately removing the effect of tax policy changes on revenue.

- d. Revenue loss for the calculation date is equal to *counterfactual revenue* minus *actual revenue* (adjusted for tax changes) for the twelve-month period. If actual revenue exceeds counterfactual revenue, the loss is set to zero for that twelve-month period. Revenue loss for the period of performance is the sum of the revenue loss on for each calculation date.

The supplementary information in the final rule provides an example of this calculation, which recipients may find helpful, in the Revenue Loss section.

SPENDING ON GOVERNMENT SERVICES

Recipients can use SLFRF funds on government services up to the revenue loss amount, whether that be the standard allowance amount or the amount calculated using the above approach. **Government services generally include *any service traditionally provided by a government***, unless Treasury has stated otherwise. Here are some common examples, although this list is not exhaustive:

- ✓ Construction of schools and hospitals
- ✓ Road building and maintenance, and other infrastructure
- ✓ Health services
- ✓ General government administration, staff, and administrative facilities
- ✓ Environmental remediation
- ✓ Provision of police, fire, and other public safety services (including purchase of fire trucks and police vehicles)

Government services is the most flexible eligible use category under the SLFRF program, and funds are subject to streamlined reporting and compliance requirements. Recipients should be mindful that certain restrictions, which are detailed further in the Restrictions on Use section and apply to all uses of funds, apply to government services as well.

Responding to Public Health and Economic Impacts of COVID-19

The Coronavirus State and Local Fiscal Recovery Funds provide resources for governments to meet the public health and economic needs of those impacted by the pandemic in their communities, as well as address longstanding health and economic disparities, which amplified the impact of the pandemic in disproportionately impacted communities, resulting in more severe pandemic impacts.

The eligible use category to respond to public health and negative economic impacts is organized around the types of assistance a recipient may provide and includes several sub-categories:

- public health,
- assistance to households,
- assistance to small businesses,
- assistance to nonprofits,
- aid to impacted industries, and
- public sector capacity.

In general, to identify eligible uses of funds in this category, recipients should (1) identify a COVID-19 public health or economic impact on an individual or class (i.e., a group) and (2) design a program that responds to that impact. Responses should be related and reasonably proportional to the harm identified and reasonably designed to benefit those impacted.

To provide simple, clear eligible uses of funds that meet this standard, Treasury provides a non-exhaustive list of enumerated uses that respond to pandemic impacts. Treasury also presumes that some populations experienced pandemic impacts and are eligible for responsive services. In other words, recipients providing enumerated uses of funds to populations presumed eligible are clearly operating consistently with the final rule.¹

Recipients also have broad flexibility to (1) identify and respond to other pandemic impacts and (2) serve other populations that experienced pandemic impacts, beyond the enumerated uses and presumed eligible populations. Recipients can also identify groups or “classes” of beneficiaries that experienced pandemic impacts and provide services to those classes.

¹ However, please note that use of funds for enumerated uses may not be grossly disproportionate to the harm. Further, recipients should consult the Capital Expenditures section for more information about pursuing a capital expenditure; please note that enumerated capital expenditures are not presumed to be reasonably proportional responses to an identified harm except as provided in the Capital Expenditures section.

Step	1. Identify COVID-19 public health or economic impact	2. Design a response that addresses or responds to the impact
Analysis	<ul style="list-style-type: none"> Can identify impact to a specific household, business or nonprofit or to a class of households, businesses, or nonprofits (i.e., group) Can also identify disproportionate impacts, or more severe impacts, to a specific beneficiary or to a class 	<ul style="list-style-type: none"> Types of responses can include a program, service, or capital expenditure Response should be related and reasonably proportional to the harm Response should also be reasonably designed to benefit impacted individual or class
Simplifying Presumptions	<ul style="list-style-type: none"> Final Rule presumes certain populations and classes are impacted and disproportionately impacted 	<ul style="list-style-type: none"> Final Rule provides non-exhaustive list of enumerated eligible uses that respond to pandemic impacts and disproportionate impacts

To assess eligibility of uses of funds, recipients should first determine the sub-category where their use of funds may fit (e.g., public health, assistance to households, assistance to small businesses), based on the entity that experienced the health or economic impact.² Then, recipients should refer to the relevant section for more details on each sub-category.

While the same overall eligibility standard applies to all uses of funds to respond to the public health and negative economic impacts of the pandemic, each sub-category has specific nuances on its application. In addition:

- Recipients interested in using funds for capital expenditures (i.e., investments in property, facilities, or equipment) should review the Capital Expenditures section in addition to the eligible use sub-category.
- Recipients interested in other uses of funds, beyond the enumerated uses, should refer to the section on “Framework for Eligible Uses Beyond Those Enumerated.”

² For example, a recipient interested in providing aid to unemployed individuals is addressing a negative economic impact experienced by a household and should refer to the section on assistance to households. Recipients should also be aware of the difference between “beneficiaries” and “sub-recipients.” Beneficiaries are households, small businesses, or nonprofits that can receive assistance based on impacts of the pandemic that they experienced. On the other hand, sub-recipients are organizations that carry out eligible uses on behalf of a government, often through grants or contracts. Sub-recipients do not need to have experienced a negative economic impact of the pandemic; rather, they are providing services to beneficiaries that experienced an impact.

RESPONDING TO THE PUBLIC HEALTH EMERGENCY

While the country has made tremendous progress in the fight against COVID-19, including a historic vaccination campaign, the disease still poses a grave threat to Americans' health and the economy. Providing state, local, and Tribal governments the resources needed to fight the COVID-19 pandemic is a core goal of the Coronavirus State and Local Fiscal Recovery Funds, as well as addressing the other ways that the pandemic has impacted public health. Treasury has identified several public health impacts of the pandemic and enumerated uses of funds to respond to impacted populations.

- **COVID-19 mitigation and prevention.** The pandemic has broadly impacted Americans and recipients can provide services to prevent and mitigate COVID-19 to the general public or to small businesses, nonprofits, and impacted industries in general. Enumerated eligible uses include:
 - ✓ Vaccination programs, including vaccine incentives and vaccine sites
 - ✓ Testing programs, equipment and sites
 - ✓ Monitoring, contact tracing & public health surveillance (e.g., monitoring for variants)
 - ✓ Public communication efforts
 - ✓ Public health data systems
 - ✓ COVID-19 prevention and treatment equipment, such as ventilators and ambulances
 - ✓ Medical and PPE/protective supplies
 - ✓ Support for isolation or quarantine
 - ✓ Ventilation system installation and improvement
 - ✓ Technical assistance on mitigation of COVID-19 threats to public health and safety
 - ✓ Transportation to reach vaccination or testing sites, or other prevention and mitigation services for vulnerable populations
 - ✓ Support for prevention, mitigation, or other services in congregate living facilities, public facilities, and schools
 - ✓ Support for prevention and mitigation strategies in small businesses, nonprofits, and impacted industries
 - ✓ Medical facilities generally dedicated to COVID-19 treatment and mitigation (e.g., ICUs, emergency rooms)
 - ✓ Temporary medical facilities and other measures to increase COVID-19 treatment capacity
 - ✓ Emergency operations centers & emergency response equipment (e.g., emergency response radio systems)
 - ✓ Public telemedicine capabilities for COVID-19 related treatment

- **Medical expenses.** Funds may be used for expenses to households, medical providers, or others that incurred medical costs due to the pandemic, including:
 - ✓ Unreimbursed expenses for medical care for COVID-19 testing or treatment, such as uncompensated care costs for medical providers or out-of-pocket costs for individuals
 - ✓ Paid family and medical leave for public employees to enable compliance with COVID-19 public health precautions
 - ✓ Emergency medical response expenses
 - ✓ Treatment of long-term symptoms or effects of COVID-19

- **Behavioral health care, such as mental health treatment, substance use treatment, and other behavioral health services.** Treasury recognizes that the pandemic has broadly impacted Americans' behavioral health and recipients can provide these services to the general public to respond. Enumerated eligible uses include:
 - ✓ Prevention, outpatient treatment, inpatient treatment, crisis care, diversion programs, outreach to individuals not yet engaged in treatment, harm reduction & long-term recovery support
 - ✓ Enhanced behavioral health services in schools
 - ✓ Services for pregnant women or infants born with neonatal abstinence syndrome
 - ✓ Support for equitable access to reduce disparities in access to high-quality treatment
 - ✓ Peer support groups, costs for residence in supportive housing or recovery housing, and the 988 National Suicide Prevention Lifeline or other hotline services
 - ✓ Expansion of access to evidence-based services for opioid use disorder prevention, treatment, harm reduction, and recovery
 - ✓ Behavioral health facilities & equipment

- **Preventing and responding to violence.** Recognizing that violence – and especially gun violence – has increased in some communities due to the pandemic, recipients may use funds to respond in these communities through:
 - ✓ Referrals to trauma recovery services for victims of crime
 - ✓ Community violence intervention programs, including:
 - Evidence-based practices like focused deterrence, with wraparound services such as behavioral therapy, trauma recovery, job training, education, housing and relocation services, and financial assistance
 - ✓ In communities experiencing increased gun violence due to the pandemic:
 - Law enforcement officers focused on advancing community policing
 - Enforcement efforts to reduce gun violence, including prosecution
 - Technology & equipment to support law enforcement response

RESPONDING TO NEGATIVE ECONOMIC IMPACTS

The pandemic caused severe economic damage and, while the economy is on track to a strong recovery, much work remains to continue building a robust, resilient, and equitable economy in the wake of the crisis and to ensure that the benefits of this recovery reach all Americans. While the pandemic impacted millions of American households and businesses, some of its most severe impacts fell on low-income and underserved communities, where pre-existing disparities amplified the impact of the pandemic and where the most work remains to reach a full recovery.

The final rule recognizes that the pandemic caused broad-based impacts that affected many communities, households, and small businesses across the country; for example, many workers faced unemployment and many small businesses saw declines in revenue. The final rule describes these as “impacted” households, communities, small businesses, and nonprofits.

At the same time, the pandemic caused disproportionate impacts, or more severe impacts, in certain communities. For example, low-income and underserved communities have faced more severe health and economic outcomes like higher rates of COVID-19 mortality and unemployment, often because pre-existing disparities exacerbated the impact of the pandemic. The final rule describes these as “disproportionately impacted” households, communities, small businesses, and nonprofits.

To simplify administration of the program, the final rule presumes that certain populations were “impacted” and “disproportionately impacted” by the pandemic; these populations are presumed to be eligible for services that respond to the impact they experienced. The final rule also enumerates a non-exhaustive list of eligible uses that are recognized as responsive to the impacts or disproportionate impacts of COVID-19. Recipients providing enumerated uses to populations presumed eligible are clearly operating consistently with the final rule.

As discussed further in the section Framework for Eligible Uses Beyond Those Enumerated, recipients can also identify other pandemic impacts, impacted or disproportionately impacted populations or classes, and responses.

However, note that the final rule maintains that general infrastructure projects, including roads, streets, and surface transportation infrastructure, would generally not be eligible under this eligible use category, unless the project responded to a specific pandemic public health need or a specific negative economic impact. Similarly, general economic development or workforce development – activities that do not respond to negative economic impacts of the pandemic but rather seek to more generally enhance the jurisdiction’s business climate – would generally not be eligible under this eligible use category.

Assistance to Households

Impacted Households and Communities

Treasury presumes the following households and communities are impacted by the pandemic:

- ✓ Low- or-moderate income households or communities
- ✓ Households that experienced unemployment
- ✓ Households that experienced increased food or housing insecurity
- ✓ Households that qualify for the Children's Health Insurance Program, Childcare Subsidies through the Child Care Development Fund (CCDF) Program, or Medicaid
- ✓ *When providing affordable housing programs:* households that qualify for the National Housing Trust Fund and Home Investment Partnerships Program
- ✓ *When providing services to address lost instructional time in K-12 schools:* any student that lost access to in-person instruction for a significant period of time

Low- or moderate-income households and communities are those with (i) income at or below 300 percent of the Federal Poverty Guidelines for the size of the household based on the most recently published poverty guidelines or (ii) income at or below 65 percent of the area median income for the county and size of household based on the most recently published data. For the vast majority of communities, the Federal Poverty Guidelines are higher than the area's median income and using the Federal Poverty Guidelines would result in more households and communities being presumed eligible. Treasury has provided an easy-to-use spreadsheet with Federal Poverty Guidelines and area median income levels on its website.

Recipients can measure income for a specific household or the median income for the community, depending on whether the response they plan to provide serves specific households or the general community. The income thresholds vary by household size; recipients should generally use income thresholds for the appropriate household size but can use a default household size of three when easier for administration or when measuring income for a general community.

The income limit for 300 percent of the Federal Poverty Guidelines for a household of three is \$65,880 per year.³ In other words, recipients can always presume that a household earning below this level, or a community with median income below this level, is impacted by the pandemic and eligible for services to respond. Additionally, by following the steps detailed in the section Framework for Eligible Uses Beyond Those Enumerated, recipients may designate additional households as impacted or disproportionately impacted beyond these presumptions, and may also pursue projects not listed below in response to these impacts consistent with Treasury's standards.

³ For recipients in Alaska, the income limit for 300 percent of the Federal Poverty Guidelines for a household of three is \$82,350 per year. For recipients in Hawaii, the income limit for 300 percent of the Federal Poverty Guidelines for a household of three is \$75,780 per year.

Treasury recognizes the enumerated projects below, which have been expanded under the final rule, as eligible to respond to impacts of the pandemic on households and communities:

- ✓ Food assistance & food banks
- ✓ Emergency housing assistance: rental assistance, mortgage assistance, utility assistance, assistance paying delinquent property taxes, counseling and legal aid to prevent eviction and homelessness & emergency programs or services for homeless individuals, including temporary residences for people experiencing homelessness
- ✓ Health insurance coverage expansion
- ✓ Benefits for surviving family members of individuals who have died from COVID-19
- ✓ Assistance to individuals who want and are available for work, including job training, public jobs programs and fairs, support for childcare and transportation to and from a jobsite or interview, incentives for newly-employed workers, subsidized employment, grants to hire underserved workers, assistance to unemployed individuals to start small businesses & development of job and workforce training centers
- ✓ Financial services for the unbanked and underbanked
- ✓ Burials, home repair & home weatherization
- ✓ Programs, devices & equipment for internet access and digital literacy, including subsidies for costs of access
- ✓ Cash assistance
- ✓ Paid sick, medical, and family leave programs
- ✓ Assistance in accessing and applying for public benefits or services
- ✓ Childcare and early learning services, home visiting programs, services for child welfare-involved families and foster youth & childcare facilities
- ✓ Assistance to address the impact of learning loss for K-12 students (e.g., high-quality tutoring, differentiated instruction)
- ✓ Programs or services to support long-term housing security: including development of affordable housing and permanent supportive housing
- ✓ Certain contributions to an Unemployment Insurance Trust Fund⁴

⁴ Recipients may only use SLFRF funds for contributions to unemployment insurance trust funds and repayment of the principal amount due on advances received under Title XII of the Social Security Act up to an amount equal to (i) the difference between the balance in the recipient's unemployment insurance trust fund as of January 27, 2020 and the balance of such account as of May 17, 2021, plus (ii) the principal amount outstanding as of May 17, 2021 on any advances received under Title XII of the Social Security Act between January 27, 2020 and May 17, 2021. Further, recipients may use SLFRF funds for the payment of any interest due on such Title XII advances. Additionally, a recipient that deposits SLFRF funds into its unemployment insurance trust fund to fully restore the pre-pandemic balance may not draw down that balance and deposit more SLFRF funds, back up to the pre-pandemic balance. Recipients that deposit SLFRF funds into an unemployment insurance trust fund, or use SLFRF funds to repay principal on Title XII advances, may not take action to reduce benefits available to unemployed workers by changing the computation method governing regular unemployment compensation in a way that results in a reduction of average weekly benefit amounts or the number of weeks of benefits payable (i.e., maximum benefit entitlement).

Disproportionately Impacted Households and Communities

Treasury presumes the following households and communities are disproportionately impacted by the pandemic:

- ✓ Low -income households and communities
- ✓ Households residing in Qualified Census Tracts
- ✓ Households that qualify for certain federal benefits⁵
- ✓ Households receiving services provided by Tribal governments
- ✓ Households residing in the U.S. territories or receiving services from these governments

Low-income households and communities are those with (i) income at or below 185 percent of the Federal Poverty Guidelines for the size of its household based on the most recently published poverty guidelines or (ii) income at or below 40 percent of area median income for its county and size of household based on the most recently published data. For the vast majority of communities, the Federal Poverty Guidelines level is higher than the area median income level and using this level would result in more households and communities being presumed eligible. Treasury has provided an easy-to-use spreadsheet with Federal Poverty Guidelines and area median income levels on its website.

Recipients can measure income for a specific household or the median income for the community, depending on whether the service they plan to provide serves specific households or the general community. The income thresholds vary by household size; recipients should generally use income thresholds for the appropriate household size but can use a default household size of three when easier for administration or when measuring income for a general community.

The income limit for 185 percent of the Federal Poverty Guidelines for a household of three is \$40,626 per year.⁶ In other words, recipients can always presume that a household earning below this level, or a community with median income below this level, is disproportionately impacted by the pandemic and eligible for services to respond.

⁵ These programs are Temporary Assistance for Needy Families (TANF), Supplemental Nutrition Assistance Program (SNAP), Free- and Reduced-Price Lunch (NSLP) and/or School Breakfast (SBP) programs, Medicare Part D Low-Income Subsidies, Supplemental Security Income (SSI), Head Start and/or Early Head Start, Special Supplemental Nutrition Program for Women, Infants, and Children (WIC), Section 8 Vouchers, Low-Income Home Energy Assistance Program (LIHEAP), and Pell Grants. For services to address educational disparities, Treasury will recognize Title I eligible schools as disproportionately impacted and responsive services that support the school generally or support the whole school as eligible.

⁶ For recipients in Alaska, the income limit for 185 percent of the Federal Poverty Guidelines for a household of three is \$50,783 per year. For recipients in Hawaii, the income limit for 185 percent of the Federal Poverty Guidelines for a household of three is \$46,731 per year

Treasury recognizes the enumerated projects below, which have been expanded under the final rule, as eligible to respond to disproportionate impacts of the pandemic on households and communities:

- ✓ Pay for community health workers to help households access health & social services
- ✓ Remediation of lead paint or other lead hazards
- ✓ Primary care clinics, hospitals, integration of health services into other settings, and other investments in medical equipment & facilities designed to address health disparities
- ✓ Housing vouchers & assistance relocating to neighborhoods with higher economic opportunity
- ✓ Investments in neighborhoods to promote improved health outcomes
- ✓ Improvements to vacant and abandoned properties, including rehabilitation or maintenance, renovation, removal and remediation of environmental contaminants, demolition or deconstruction, greening/vacant lot cleanup & conversion to affordable housing⁷
- ✓ Services to address educational disparities, including assistance to high-poverty school districts & educational and evidence-based services to address student academic, social, emotional, and mental health needs
- ✓ Schools and other educational equipment & facilities

⁷ Please see the final rule for further details and conditions applicable to this eligible use. This includes Treasury's presumption that demolition of vacant or abandoned residential properties that results in a net reduction in occupiable housing units for low- and moderate-income individuals in an area where the availability of such housing is lower than the need for such housing is ineligible for support with SLFRF funds.

Assistance to Small Businesses

Small businesses have faced widespread challenges due to the pandemic, including periods of shutdown, declines in revenue, or increased costs. The final rule provides many tools for recipients to respond to the impacts of the pandemic on small businesses, or disproportionate impacts on businesses where pre-existing disparities like lack of access to capital compounded the pandemic's effects.

Small businesses eligible for assistance are those that experienced negative economic impacts or disproportionate impacts of the pandemic and meet the definition of "small business," specifically:

1. Have no more than 500 employees, or if applicable, the size standard in number of employees [established](#) by the Administrator of the Small Business Administration for the industry in which the business concern or organization operates, and
2. Are a small business concern as defined in section 3 of the Small Business Act⁸ (which includes, among other requirements, that the business is independently owned and operated and is not dominant in its field of operation).

Impacted Small Businesses

Recipients can identify small businesses impacted by the pandemic, and measures to respond, in many ways; for example, recipients could consider:

- | | |
|---------------------------------------|--|
| ✓ Decreased revenue or gross receipts | ✓ Capacity to weather financial hardship |
| ✓ Financial insecurity | ✓ Challenges covering payroll, rent or mortgage, and other operating costs |
| ✓ Increased costs | |

Assistance to small businesses that experienced negative economic impacts includes the following enumerated uses:

- | | |
|---|--|
| ✓ Loans or grants to mitigate financial hardship, such as by supporting payroll and benefits, costs to retain employees, and mortgage, rent, utility, and other operating costs | ✓ Technical assistance, counseling, or other services to support business planning |
|---|--|

Disproportionately Impacted Small Businesses

Treasury presumes that the following small businesses are disproportionately impacted by the pandemic:

⁸ 15 U.S.C. 632.

U.S. DEPARTMENT OF THE TREASURY

- ✓ Small businesses operating in Qualified Census Tracts
- ✓ Small businesses operated by Tribal governments or on Tribal lands
- ✓ Small businesses operating in the U.S. territories

Assistance to disproportionately impacted small businesses includes the following enumerated uses, which have been expanded under the final rule:

- ✓ Rehabilitation of commercial properties, storefront improvements & façade improvements
- ✓ Support for microbusinesses, including financial, childcare, and transportation costs
- ✓ Technical assistance, business incubators & grants for start-up or expansion costs for small businesses

Assistance to Nonprofits

Nonprofits have faced significant challenges due to the pandemic's increased demand for services and changing operational needs, as well as declines in revenue sources such as donations and fees.

Nonprofits eligible for assistance are those that experienced negative economic impacts or disproportionate impacts of the pandemic and meet the definition of "nonprofit"—specifically those that are 501(c)(3) or 501(c)(19) tax-exempt organizations.

Impacted Nonprofits

Recipients can identify nonprofits impacted by the pandemic, and measures to respond, in many ways; for example, recipients could consider:

- ✓ Decreased revenue (e.g., from donations and fees)
- ✓ Financial insecurity
- ✓ Increased costs (e.g., uncompensated increases in service need)
- ✓ Capacity to weather financial hardship
- ✓ Challenges covering payroll, rent or mortgage, and other operating costs

Assistance to nonprofits that experienced negative economic impacts includes the following enumerated uses:

- ✓ Loans or grants to mitigate financial hardship
- ✓ Technical or in-kind assistance or other services that mitigate negative economic impacts of the pandemic

Disproportionately Impacted Nonprofits

Treasury presumes that the following nonprofits are disproportionately impacted by the pandemic:

- ✓ Nonprofits operating in Qualified Census Tracts
- ✓ Nonprofits operated by Tribal governments or on Tribal lands
- ✓ Nonprofits operating in the U.S. territories

Recipients may identify appropriate responses that are related and reasonably proportional to addressing these disproportionate impacts.

Aid to Impacted Industries

Recipients may use SLFRF funding to provide aid to industries impacted by the COVID-19 pandemic. Recipients should first designate an impacted industry and then provide aid to address the impacted industry's negative economic impact.

This sub-category of eligible uses does not separately identify disproportionate impacts and corresponding responsive services.

1. Designating an impacted industry. There are two main ways an industry can be designated as "impacted."

1. If the industry is in the travel, tourism, or hospitality sectors (including Tribal development districts), the industry is impacted.
2. If the industry is outside the travel, tourism, or hospitality sectors, the industry is impacted if:
 - a. The industry experienced at least 8 percent employment loss from pre-pandemic levels,⁹ or
 - b. The industry is experiencing comparable or worse economic impacts as the national tourism, travel, and hospitality industries as of the date of the final rule, based on the totality of economic indicators or qualitative data (if quantitative data is unavailable), and if the impacts were generally due to the COVID-19 public health emergency.

Recipients have flexibility to define industries broadly or narrowly, but Treasury encourages recipients to define narrow and discrete industries eligible for aid. State and territory recipients also have flexibility to define the industries with greater geographic precision; for example, a state may identify a particular industry in a certain region of a state as impacted.

2. Providing eligible aid to the impacted industry. Aid may only be provided to support businesses, attractions, and Tribal development districts operating prior to the pandemic and affected by required closures and other efforts to contain the pandemic. Further, aid should be generally broadly available to all businesses within the impacted industry to avoid potential conflicts of interest, and Treasury encourages aid to be first used for operational expenses, such as payroll, before being used on other types of costs.

⁹ Specifically, a recipient should compare the percent change in the number of employees of the recipient's identified industry and the national Leisure & Hospitality sector in the three months before the pandemic's most severe impacts began (a straight three-month average of seasonally-adjusted employment data from December 2019, January 2020, and February 2020) with the latest data as of the final rule (a straight three-month average of seasonally-adjusted employment data from September 2021, October 2021, and November 2021). For parity and simplicity, smaller recipients without employment data that measure industries in their specific jurisdiction may use data available for a broader unit of government for this calculation (e.g., a county may use data from the state in which it is located; a city may use data for the county, if available, or state in which it is located) solely for purposes of determining whether a particular industry is an impacted industry.

U.S. DEPARTMENT OF THE TREASURY

Treasury recognizes the enumerated projects below as eligible responses to impacted industries.

- ✓ Aid to mitigate financial hardship, such as supporting payroll costs, lost pay and benefits for returning employees, support of operations and maintenance of existing equipment and facilities
- ✓ Technical assistance, counseling, or other services to support business planning
- ✓ COVID-19 mitigation and infection prevention measures (see section Public Health)

As with all eligible uses, recipients may pursue a project not listed above by undergoing the steps outlined in the section Framework for Eligible Uses Beyond Those Enumerated.

PUBLIC SECTOR CAPACITY

Recipients may use SLFRF funding to restore and bolster public sector capacity, which supports government's ability to deliver critical COVID-19 services. There are three main categories of eligible uses to bolster public sector capacity and workforce: Public Safety, Public Health, and Human Services Staff; Government Employment and Rehiring Public Sector Staff; and Effective Service Delivery.

Public Safety, Public Health, and Human Services Staff

SLFRF funding may be used for payroll and covered benefits for public safety, public health, health care, human services and similar employees of a recipient government, for the portion of the employee's time spent responding to COVID-19. Recipients should follow the steps below.

1. **Identify eligible public safety, public health, and human services staff.** Public safety staff include:

- ✓ Police officers (including state police officers)
- ✓ Sheriffs and deputy sheriffs
- ✓ Firefighters
- ✓ Emergency medical responders
- ✓ Correctional and detention officers
- ✓ Dispatchers and supervisor personnel that directly support public safety staff

Public health staff include:

- ✓ Employees involved in providing medical and other physical or mental health services to patients and supervisory personnel, including medical staff assigned to schools, prisons, and other such institutions
- ✓ Laboratory technicians, medical examiners, morgue staff, and other support services essential for patient care
- ✓ Employees of public health departments directly engaged in public health matters and related supervisory personnel

Human services staff include:

- ✓ Employees providing or administering social services and public benefits
- ✓ Child welfare services employees
- ✓ Child, elder, or family care employees

2. **Assess portion of time spent on COVID-19 response for eligible staff.**

Recipients can use a variety of methods to assess the share of an employees' time spent responding to COVID-19, including using reasonable estimates—such as estimating the share of time based on discussions with staff and applying that share to all employees in that position.

For administrative convenience, recipients can consider public health and safety employees entirely devoted to responding to COVID-19 (and their payroll and benefits fully covered by SLFRF) if the

employee, or his or her operating unit or division, is “primarily dedicated” to responding to COVID-19. Primarily dedicated means that more than half of the employee, unit, or division’s time is dedicated to responding to COVID-19.

Recipients must periodically reassess their determination and maintain records to support their assessment, although recipients do not need to track staff hours.

3. **Use SLFRF funding for payroll and covered benefits for the portion of eligible staff time spent on COVID-19 response.** SLFRF funding may be used for payroll and covered benefits for the portion of the employees’ time spent on COVID-19 response, as calculated above, through the period of performance.

Government Employment and Rehiring Public Sector Staff

Under the increased flexibility of the final rule, SLFRF funding may be used to support a broader set of uses to restore and support public sector employment. Eligible uses include hiring up to a pre-pandemic baseline that is adjusted for historic underinvestment in the public sector, providing additional funds for employees who experienced pay cuts or were furloughed, avoiding layoffs, providing worker retention incentives, and paying for ancillary administrative costs related to hiring, support, and retention.

- **Restoring pre-pandemic employment.** Recipients have two options to restore pre-pandemic employment, depending on the recipient’s needs.
 - *If the recipient simply wants to hire back employees for pre-pandemic positions:* Recipients may use SLFRF funds to hire employees for the same positions that existed on January 27, 2020 but that were unfilled or eliminated as of March 3, 2021. Recipients may use SLFRF funds to cover payroll and covered benefits for such positions through the period of performance.
 - *If the recipient wants to hire above the pre-pandemic baseline and/or would like to have flexibility in positions:* Recipients may use SLFRF funds to pay for payroll and covered benefits associated with the recipient increasing its number of budgeted FTEs up to 7.5 percent above its pre-pandemic baseline. Specifically, recipients should undergo the following steps:
 - a. Identify the recipient’s budgeted FTE level on January 27, 2020. This includes all budgeted positions, filled and unfilled. This is called the *pre-pandemic baseline*.
 - b. Multiply the pre-pandemic baseline by 1.075. This is called the *adjusted pre-pandemic baseline*.
 - c. Identify the recipient’s budgeted FTE level on March 3, 2021, which is the beginning of the period of performance for SLFRF funds. Recipients may, but are not required to, exclude the number of FTEs dedicated to responding to the COVID-19 public health emergency. This is called the *actual number of FTEs*.
 - d. Subtract the *actual number of FTEs* from the *adjusted pre-pandemic baseline* to calculate the number of FTEs that can be covered by SLFRF funds. Recipients do not have to hire for the same roles that existed pre-pandemic.

Coronavirus State & Local Fiscal Recovery Funds: Overview of the Final Rule

Recipients may use SLFRF funds to cover payroll and covered benefits through the period of performance; these employees must have begun their employment on or after March 3, 2021. Recipients may only use SLFRF funds for additional FTEs hired over the March 3, 2021 level (i.e., the *actual number of FTEs*).

- **Supporting and retaining public sector workers.** Recipients can also use funds in other ways that support the public sector workforce.¹⁰ These include:
 - **Providing additional funding for employees who experienced pay reductions or were furloughed** since the onset of the pandemic, up to the difference in the employee's pay, taking into account unemployment benefits received.
 - **Maintaining current compensation levels to prevent layoffs.** SLFRF funds may be used to maintain current compensation levels, with adjustments for inflation, in order to prevent layoffs that would otherwise be necessary.
 - **Providing worker retention incentives, including reasonable increases in compensation** to persuade employees to remain with the employer as compared to other employment options. Retention incentives must be entirely additive to an employee's regular compensation, narrowly tailored to need, and should not exceed incentives traditionally offered by the recipient or compensation that alternative employers may offer to compete for the employees. Treasury presumes that retention incentives that are less than 25 percent of the rate of base pay for an individual employee or 10 percent for a group or category of employees are reasonably proportional to the need to retain employees, as long as other requirements are met.
- **Covering administrative costs associated with administering the hiring, support, and retention programs above.**

Effective Service Delivery

SLFRF funding may be used to improve the efficacy of public health and economic programs through tools like program evaluation, data, and outreach, as well as to address administrative needs caused or exacerbated by the pandemic. Eligible uses include:

- **Supporting program evaluation, data, and outreach through:**

¹⁰ Recipients should be able to substantiate that these uses of funds are substantially due to the public health emergency or its negative economic impacts (e.g., fiscal pressures on state and local budgets) and respond to its impacts. See the final rule for details on these uses.

U.S. DEPARTMENT OF THE TREASURY

- ✓ Program evaluation and evidence resources
- ✓ Data analysis resources to gather, assess, share, and use data
- ✓ Technology infrastructure to improve access to and the user experience of government IT systems, as well as technology improvements to increase public access and delivery of government programs and services
- ✓ Community outreach and engagement activities
- ✓ Capacity building resources to support using data and evidence, including hiring staff, consultants, or technical assistance support
- **Addressing administrative needs, including:**
 - ✓ Administrative costs for programs responding to the public health emergency and its economic impacts, including non-SLFRF and non-federally funded programs
 - ✓ Address administrative needs caused or exacerbated by the pandemic, including addressing backlogs caused by shutdowns, increased repair or maintenance needs, and technology infrastructure to adapt government operations to the pandemic (e.g., video-conferencing software, data and case management systems)

CAPITAL EXPENDITURES

As described above, the final rule clarifies that recipients may use funds for programs, services, and capital expenditures that respond to the public health and negative economic impacts of the pandemic. Any use of funds in this category for a capital expenditure must comply with the capital expenditure requirements, in addition to other standards for uses of funds.

Capital expenditures are subject to the same eligibility standard as other eligible uses to respond to the pandemic's public health and economic impacts; specifically, they must be related and reasonably proportional to the pandemic impact identified and reasonably designed to benefit the impacted population or class.

For ease of administration, the final rule identifies enumerated types of capital expenditures that Treasury has identified as responding to the pandemic's impacts; these are listed in the applicable sub-category of eligible uses (e.g., public health, assistance to households, etc.). Recipients may also identify other responsive capital expenditures. Similar to other eligible uses in the SLFRF program, no pre-approval is required for capital expenditures.

To guide recipients' analysis of whether a capital expenditure meets the eligibility standard, recipients (with the exception of Tribal governments) must complete and meet the requirements of a written justification for capital expenditures equal to or greater than \$1 million. For large-scale capital expenditures, which have high costs and may require an extended length of time to complete, as well as most capital expenditures for non-enumerated uses of funds, Treasury requires recipients to submit their written justification as part of regular reporting. Specifically:

If a project has total capital expenditures of	and the use is enumerated by Treasury as eligible, then	and the use is beyond those enumerated by Treasury as eligible, then
Less than \$1 million	No Written Justification required	No Written Justification required
Greater than or equal to \$1 million, but less than \$10 million	Written Justification required but recipients are not required to submit as part of regular reporting to Treasury	Written Justification required and recipients must submit as part of regular reporting to Treasury
\$10 million or more	Written Justification required and recipients must submit as part of regular reporting to Treasury	

A Written Justification includes:

- *Description of the harm or need to be addressed.* Recipients should provide a description of the specific harm or need to be addressed and why the harm was exacerbated or caused by the public health emergency. Recipients may provide quantitative information on the extent and the type of harm, such as the number of individuals or entities affected.

U.S. DEPARTMENT OF THE TREASURY

- *Explanation of why a capital expenditure is appropriate.* For example, recipients should include an explanation of why existing equipment and facilities, or policy changes or additional funding to pertinent programs or services, would be inadequate.
- *Comparison of proposed capital project against at least two alternative capital expenditures and demonstration of why the proposed capital expenditure is superior.* Recipients should consider the effectiveness of the capital expenditure in addressing the harm identified and the expected total cost (including pre-development costs) against at least two alternative capital expenditures.

Where relevant, recipients should consider the alternatives of improving existing capital assets already owned or leasing other capital assets.

Treasury presumes that the following capital projects are generally ineligible:

- | | |
|---|---|
| ✖ Construction of new correctional facilities as a response to an increase in rate of crime | ✖ Construction of convention centers, stadiums, or other large capital projects intended for general economic development or to aid impacted industries |
| ✖ Construction of new congregate facilities to decrease spread of COVID-19 in the facility | |

In undertaking capital expenditures, Treasury encourages recipients to adhere to strong labor standards, including project labor agreements and community benefits agreements that offer wages at or above the prevailing rate and include local hire provisions. Treasury also encourages recipients to prioritize in their procurements employers with high labor standards and to prioritize employers without recent violations of federal and state labor and employment laws.

FRAMEWORK FOR ELIGIBLE USES BEYOND THOSE ENUMERATED

As described above, recipients have broad flexibility to identify and respond to other pandemic impacts and serve other populations that experienced pandemic impacts, beyond the enumerated uses and presumed eligible populations. Recipients should undergo the following steps to decide whether their project is eligible:

Step	1. Identify COVID-19 public health or economic impact	2. Design a response that addresses or responds to the impact
Analysis	<ul style="list-style-type: none"> Can identify impact to a specific household, business or nonprofit or to a class of households, businesses or nonprofits (i.e., group) Can also identify disproportionate impacts, or more severe impacts, to a specific beneficiary or to a class 	<ul style="list-style-type: none"> Types of responses can include a program, service, or capital expenditure Response should be related and reasonably proportional to the harm Response should also be reasonably designed to benefit impacted individual or class

1. Identify a COVID-19 public health or negative economic impact on an individual or a class.

Recipients should identify an individual or class that is “impacted” or “disproportionately impacted” by the COVID-19 public health emergency or its negative economic impacts as well as the specific impact itself.

- “Impacted” entities are those impacted by the disease itself or the harmful consequences of the economic disruptions resulting from or exacerbated by the COVID-19 public health emergency. For example, an individual who lost their job or a small business that saw lower revenue during a period of closure would both have experienced impacts of the pandemic.
- “Disproportionately impacted” entities are those that experienced disproportionate public health or economic outcomes from the pandemic; Treasury recognizes that pre-existing disparities, in many cases, amplified the impacts of the pandemic, causing more severe impacts in underserved communities. For example, a household living in a neighborhood with limited access to medical care and healthy foods may have faced health disparities before the pandemic, like a higher rate of chronic health conditions, that contributed to more severe health outcomes during the COVID-19 pandemic.

The recipient may choose to identify these impacts at either the individual level or at a class level. If the recipient is identifying impacts at the individual level, they should retain documentation supporting the impact the individual experienced (e.g., documentation of lost revenues from a small business). Such documentation can be streamlined in many cases (e.g., self-attestation that a household requires food assistance).

Recipients also have broad flexibility to identify a “class” – or a group of households, small businesses, or nonprofits – that experienced an impact. In these cases, the recipients should

first identify the class and the impact that it faced. Then, recipients only need to document that the individuals served fall within that class; recipients do not need to document a specific impact to each individual served. For example, a recipient could identify that restaurants in the downtown area faced substantial declines in revenue due to decreased foot traffic from workers; the recipient could develop a program to respond to the impact on that class and only needs to document that the businesses being served are restaurants in the downtown area.

Recipients should keep the following considerations in mind when designating a class:

- **There should be a relationship between the definition of the class and the proposed response.** Larger and less-specific classes are less likely to have experienced similar harms, which may make it more difficult to design a response that appropriately responds to those harms.
 - **Classes may be determined on a population basis or on a geographic basis,** and the response should be appropriately matched. For example, a response might be designed to provide childcare to single parents, regardless of which neighborhood they live in, or a response might provide a park to improve the health of a disproportionately impacted neighborhood.
 - **Recipients may designate classes that experienced disproportionate impact,** by assessing the impacts of the pandemic and finding that some populations experienced meaningfully more severe impacts than the general public. To determine these disproportionate impacts, recipients:
 - May designate classes based on academic research or government research publications (such as the citations provided in the supplementary information in the final rule), through analysis of their own data, or through analysis of other existing data sources.
 - May also consider qualitative research and sources to augment their analysis, or when quantitative data is not readily available. Such sources might include resident interviews or feedback from relevant state and local agencies, such as public health departments or social services departments.
 - Should consider the quality of the research, data, and applicability of analysis to their determination in all cases.
 - **Some of the enumerated uses may also be appropriate responses to the impacts experienced by other classes of beneficiaries.** It is permissible for recipients to provide these services to other classes, so long as the recipient determines that the response is also appropriate for those groups.
 - **Recipients may designate a class based on income level, including at levels higher than the final rule definition of "low- and moderate-income."** For example, a recipient may identify that households in their community with incomes above the final rule threshold for low-income nevertheless experienced disproportionate impacts from the pandemic and provide responsive services.
2. **Design a response that addresses or responds to the impact.** Programs, services, and other interventions must be reasonably designed to benefit the individual or class that experienced

U.S. DEPARTMENT OF THE TREASURY

the impact. They must also be related and reasonably proportional to the extent and type of impact experienced. For example, uses that bear no relation or are grossly disproportionate to the type or extent of the impact would not be eligible.

“Reasonably proportional” refers to the scale of the response compared to the scale of the harm, as well as the targeting of the response to beneficiaries compared to the amount of harm they experienced; for example, it may not be reasonably proportional for a cash assistance program to provide a very small amount of aid to a group that experienced severe harm and a much larger amount to a group that experienced relatively little harm. Recipients should consider relevant factors about the harm identified and the response to evaluate whether the response is reasonably proportional. For example, recipients may consider the size of the population impacted and the severity, type, and duration of the impact. Recipients may also consider the efficacy, cost, cost-effectiveness, and time to delivery of the response.

For disproportionately impacted communities, recipients may design interventions that address broader pre-existing disparities that contributed to more severe health and economic outcomes during the pandemic, such as disproportionate gaps in access to health care or pre-existing disparities in educational outcomes that have been exacerbated by the pandemic.

Premium Pay

The Coronavirus State and Local Fiscal Recovery Funds may be used to provide premium pay to eligible workers performing essential work during the pandemic. Premium pay may be awarded to eligible workers up to \$13 per hour. Premium pay must be in addition to wages or remuneration (i.e., compensation) the eligible worker otherwise receives. Premium pay may not exceed \$25,000 for any single worker during the program.

Recipients should undergo the following steps to provide premium pay to eligible workers.

1. **Identify an “eligible” worker.** Eligible workers include workers “needed to maintain continuity of operations of essential critical infrastructure sectors.” These sectors and occupations are eligible:

- | | |
|--|---|
| ✓ Health care | ✓ State, local, or Tribal government workforce |
| ✓ Emergency response | ✓ Workers providing vital services to Tribes |
| ✓ Sanitation, disinfection & cleaning | ✓ Educational, school nutrition, and other work required to operate a school facility |
| ✓ Maintenance | ✓ Laundry |
| ✓ Grocery stores, restaurants, food production, and food delivery | ✓ Elections |
| ✓ Pharmacy | ✓ Solid waste or hazardous materials management, response, and cleanup |
| ✓ Biomedical research | ✓ Work requiring physical interaction with patients |
| ✓ Behavioral health | ✓ Dental care |
| ✓ Medical testing and diagnostics | ✓ Transportation and warehousing |
| ✓ Home and community-based health care or assistance with activities of daily living | ✓ Hotel and commercial lodging facilities that are used for COVID-19 mitigation and containment |
| ✓ Family or child care | |
| ✓ Social services | |
| ✓ Public health | |
| ✓ Mortuary | |
| ✓ Critical clinical research, development, and testing necessary for COVID-19 response | |

Beyond this list, the chief executive (or equivalent) of a recipient government may designate additional non-public sectors as critical so long as doing so is necessary to protecting the health and wellbeing of the residents of such jurisdictions.

2. **Verify that the eligible worker performs “essential work,”** meaning work that:

- Is not performed while teleworking from a residence; and
- Involves either:
 - a. regular, in-person interactions with patients, the public, or coworkers of the individual that is performing the work; or
 - b. regular physical handling of items that were handled by, or are to be handled by, patients, the public, or coworkers of the individual that is performing the work.

3. Confirm that the premium pay “responds to” workers performing essential work during the COVID-19 public health emergency. Under the final rule, which broadened the share of eligible workers who can receive premium pay without a written justification, recipients may meet this requirement in one of three ways:

- Eligible worker receiving premium pay is earning (with the premium included) at or below 150 percent of their residing state or county’s average annual wage for all occupations, as defined by the Bureau of Labor Statistics’ [Occupational Employment and Wage Statistics](#), whichever is higher, on an annual basis; or
- Eligible worker receiving premium pay is not exempt from the Fair Labor Standards Act overtime provisions; or
- If a worker does not meet either of the above requirements, the recipient must submit written justification to Treasury detailing how the premium pay is otherwise responsive to workers performing essential work during the public health emergency. This may include a description of the essential worker’s duties, health, or financial risks faced due to COVID-19, and why the recipient determined that the premium pay was responsive. Treasury anticipates that recipients will easily be able to satisfy the justification requirement for front-line workers, like nurses and hospital staff.

Premium pay may be awarded in installments or lump sums (e.g., monthly, quarterly, etc.) and may be awarded to hourly, part-time, or salaried or non-hourly workers. Premium pay must be paid in addition to wages already received and may be paid retrospectively. A recipient may not use SLFRF to merely reimburse itself for premium pay or hazard pay already received by the worker, and premium pay may not be paid to volunteers.

Water & Sewer Infrastructure

The Coronavirus State and Local Fiscal Recovery Funds may be used to make necessary investments in water and sewer infrastructure. State, local, and Tribal governments have a tremendous need to address the consequences of deferred maintenance in drinking water systems and removal, management, and treatment of sewage and stormwater, along with additional resiliency measures needed to adapt to climate change.

Recipients may undertake the eligible projects below:

PROJECTS ELIGIBLE UNDER EPA'S CLEAN WATER STATE REVOLVING FUND (CWSRF)

Eligible projects under the CWSRF, and the final rule, include:

- ✓ Construction of publicly owned treatment works
- ✓ Projects pursuant to implementation of a nonpoint source pollution management program established under the Clean Water Act (CWA)
- ✓ Decentralized wastewater treatment systems that treat municipal wastewater or domestic sewage
- ✓ Management and treatment of stormwater or subsurface drainage water
- ✓ Water conservation, efficiency, or reuse measures
- ✓ Development and implementation of a conservation and management plan under the CWA
- ✓ Watershed projects meeting the criteria set forth in the CWA
- ✓ Energy consumption reduction for publicly owned treatment works
- ✓ Reuse or recycling of wastewater, stormwater, or subsurface drainage water
- ✓ Security of publicly owned treatment works

Treasury encourages recipients to review the EPA handbook for the [CWSRF](#) for a full list of eligibilities.

PROJECTS ELIGIBLE UNDER EPA'S DRINKING WATER STATE REVOLVING FUND (DWSRF)

Eligible drinking water projects under the DWSRF, and the final rule, include:

- ✓ Facilities to improve drinking water quality
- ✓ Transmission and distribution, including improvements of water pressure or prevention of contamination in infrastructure and lead service line replacements
- ✓ New sources to replace contaminated drinking water or increase drought resilience, including aquifer storage and recovery system for water storage
- ✓ Green infrastructure, including green roofs, rainwater harvesting collection, permeable pavement
- ✓ Storage of drinking water, such as to prevent contaminants or equalize water demands
- ✓ Purchase of water systems and interconnection of systems
- ✓ New community water systems

Treasury encourages recipients to review the EPA handbook for the [DWSRF](#) for a full list of eligibilities.

Coronavirus State & Local Fiscal Recovery Funds: Overview of the Final Rule

**ADDITIONAL ELIGIBLE PROJECTS**

With broadened eligibility under the final rule, SLFRF funds may be used to fund additional types of projects— such as additional stormwater infrastructure, residential wells, lead remediation, and certain rehabilitations of dams and reservoirs — beyond the CWSRF and DWSRF, if they are found to be “necessary” according to the definition provided in the final rule and outlined below.

- ✓ Culvert repair, resizing, and removal, replacement of storm sewers, and additional types of stormwater infrastructure
- ✓ Infrastructure to improve access to safe drinking water for individual served by residential wells, including testing initiatives, and treatment/remediation strategies that address contamination
- ✓ Dam and reservoir rehabilitation if primary purpose of dam or reservoir is for drinking water supply and project is necessary for provision of drinking water
- ✓ Broad set of lead remediation projects eligible under EPA grant programs authorized by the Water Infrastructure Improvements for the Nation (WIIN) Act, such as lead testing, installation of corrosion control treatment, lead service line replacement, as well as water quality testing, compliance monitoring, and remediation activities, including replacement of internal plumbing and faucets and fixtures in schools and childcare facilities

A “necessary” investment in infrastructure must be:

- (1) responsive to an identified need to achieve or maintain an adequate minimum level of service, which may include a reasonable projection of increased need, whether due to population growth or otherwise,
- (2) a cost-effective means for meeting that need, taking into account available alternatives, and
- (3) for investments in infrastructure that supply drinking water in order to meet projected population growth, projected to be sustainable over its estimated useful life.

Please note that DWSRF and CWSRF-eligible projects are generally presumed to be necessary investments. Additional eligible projects generally must be responsive to an identified need to achieve or maintain an adequate minimum level of service. Recipients are only required to assess cost-effectiveness of projects for the creation of new drinking water systems, dam and reservoir rehabilitation projects, or projects for the extension of drinking water service to meet population growth needs. Recipients should review the supplementary information to the final rule for more details on requirements applicable to each type of investment.

APPLICABLE STANDARDS & REQUIREMENTS

Treasury encourages recipients to adhere to strong labor standards, including project labor agreements and community benefits agreements that offer wages at or above the prevailing rate and include local hire provisions. Treasury also encourages recipients to prioritize in their procurements employers with high labor standards and to prioritize employers without recent violations of federal and state labor and employment laws.

Coronavirus State & Local Fiscal Recovery Funds: Overview of the Final Rule

Broadband Infrastructure

The Coronavirus State and Local Fiscal Recovery Funds may be used to make necessary investments in broadband infrastructure, which has been shown to be critical for work, education, healthcare, and civic participation during the public health emergency. The final rule broadens the set of eligible broadband infrastructure investments that recipients may undertake.

Recipients may pursue investments in broadband infrastructure meeting technical standards detailed below, as well as an expanded set of cybersecurity investments.

BROADBAND INFRASTRUCTURE INVESTMENTS

Recipients should adhere to the following requirements when designing a broadband infrastructure project:

1. **Identify an eligible area for investment.** Recipients are encouraged to prioritize projects that are designed to serve locations without access to reliable wireline 100/20 Mbps broadband service (meaning service that reliably provides 100 Mbps download speed and 20 Mbps upload speed through a wireline connection), but are broadly able to invest in projects designed to provide service to locations with an identified need for additional broadband investment. Recipients have broad flexibility to define need in their community. Examples of need could include:

- ✓ Lack of access to a reliable high-speed broadband connection
- ✓ Lack of affordable broadband
- ✓ Lack of reliable service

If recipients are considering deploying broadband to locations where there are existing and enforceable federal or state funding commitments for reliable service of at least 100/20 Mbps, recipients must ensure that SLFRF funds are designed to address an identified need for additional broadband investment that is not met by existing federal or state funding commitments. Recipients must also ensure that SLFRF funds will not be used for costs that will be reimbursed by the other federal or state funding streams.

2. **Design project to meet high-speed technical standards.** Recipients are required to design projects to, upon completion, reliably meet or exceed symmetrical 100 Mbps download and upload speeds. In cases where it is not practicable, because of the excessive cost of the project or geography or topography of the area to be served by the project, eligible projects may be designed to reliably meet or exceed 100/20 Mbps and be scalable to a minimum of symmetrical 100 Mbps download and upload speeds.

Treasury encourages recipients to prioritize investments in fiber-optic infrastructure wherever feasible and to focus on projects that will achieve last-mile connections. Further, Treasury encourages recipients to prioritize support for broadband networks owned, operated by, or affiliated with local governments, nonprofits, and co-operatives.

3. **Require enrollment in a low-income subsidy program.** Recipients must require the service provider for a broadband project that provides service to households to either:

- ✓ Participate in the FCC's Affordable Connectivity Program (ACP)
- ✓ Provide access to a broad-based affordability program to low-income consumers that provides benefits commensurate to ACP

Treasury encourages broadband services to also include at least one low-cost option offered without data usage caps at speeds sufficient for a household with multiple users to simultaneously telework and engage in remote learning. Recipients are also encouraged to consult with the community on affordability needs.

CYBERSECURITY INVESTMENTS

SLFRF may be used for modernization of cybersecurity for existing and new broadband infrastructure, regardless of their speed delivery standards. This includes modernization of hardware and software.

APPLICABLE STANDARDS & REQUIREMENTS

Treasury encourages recipients to adhere to strong labor standards, including project labor agreements and community benefits agreements that offer wages at or above the prevailing rate and include local hire provisions. Treasury also encourages recipients to prioritize in their procurements employers with high labor standards and to prioritize employers without recent violations of federal and state labor and employment laws.

Restrictions on Use

While recipients have considerable flexibility to use Coronavirus State and Local Fiscal Recovery Funds to address the diverse needs of their communities, some restrictions on use of funds apply.

OFFSET A REDUCTION IN NET TAX REVENUE

- **States and territories may not use this funding to directly or indirectly offset a reduction in net tax revenue resulting from a change in law, regulation, or administrative interpretation beginning on March 3, 2021, through the last day of the fiscal year in which the funds provided have been spent.** If a state or territory cuts taxes during this period, it must demonstrate how it paid for the tax cuts from sources other than SLFRF, such as by enacting policies to raise other sources of revenue, by cutting spending, or through higher revenue due to economic growth. If the funds provided have been used to offset tax cuts, the amount used for this purpose must be repaid to the Treasury.

DEPOSITS INTO PENSION FUNDS

- **No recipients except Tribal governments may use this funding to make a deposit to a pension fund.** Treasury defines a “deposit” as an extraordinary contribution to a pension fund for the purpose of reducing an accrued, unfunded liability. While pension deposits are prohibited, recipients may use funds for routine payroll contributions connected to an eligible use of funds (e.g., for public health and safety staff). Examples of extraordinary payments include ones that:

<ul style="list-style-type: none"> ✗ Reduce a liability incurred prior to the start of the COVID-19 public health emergency and occur outside the recipient's regular timing for making the payment 	<ul style="list-style-type: none"> ✗ Occur at the regular time for pension contributions but is larger than a regular payment would have been
--	--

ADDITIONAL RESTRICTIONS AND REQUIREMENTS

Additional restrictions and requirements that apply across all eligible use categories include:

- **No debt service or replenishing financial reserves.** Since SLFRF funds are intended to be used prospectively, recipients may not use SLFRF funds for debt service or replenishing financial reserves (e.g., rainy day funds).
- **No satisfaction of settlements and judgments.** Satisfaction of any obligation arising under or pursuant to a settlement agreement, judgment, consent decree, or judicially confirmed debt restructuring in a judicial, administrative, or regulatory proceeding is itself not an eligible use. However, if a settlement requires the recipient to provide services or incur other costs that are an eligible use of SLFRF funds, SLFRF may be used for those costs.
- **Additional general restrictions.** SLFRF funds may not be used for a project that conflicts with or contravenes the purpose of the American Rescue Plan Act statute (e.g., uses of funds that

Coronavirus State & Local Fiscal Recovery Funds: Overview of the Final Rule

U.S. DEPARTMENT OF THE TREASURY

undermine COVID-19 mitigation practices in line with CDC guidance and recommendations) and may not be used in violation of the Award Terms and Conditions or conflict of interest requirements under the Uniform Guidance. Other applicable laws and regulations, outside of SLFRF program requirements, may also apply (e.g., laws around procurement, contracting, conflicts-of-interest, environmental standards, or civil rights).

Program Administration

The Coronavirus State and Local Fiscal Recovery Funds final rule details a number of administrative processes and requirements, including on distribution of funds, timeline for use of funds, transfer of funds, treatment of loans, use of funds to meet non-federal match or cost-share requirements, administrative expenses, reporting on use of funds, and remediation and recoupment of funds used for ineligible purposes. This section provides a summary for the most frequently asked questions.

TIMELINE FOR USE OF FUNDS

Under the SLFRF, funds must be used for costs incurred on or after March 3, 2021. Further, costs must be obligated by December 31, 2024, and expended by December 31, 2026.

TRANSFERS

Recipients may undertake projects on their own or through subrecipients, which carry out eligible uses on behalf of a recipient, including pooling funds with other recipients or blending and braiding SLFRF funds with other sources of funds. Localities may also transfer their funds to the state through section 603(c)(4), which will decrease the locality's award and increase the state award amounts.

LOANS

Recipients may generally use SLFRF funds to provide loans for uses that are otherwise eligible, although there are special rules about how recipients should track program income depending on the length of the loan. Recipients should consult the final rule if they seek to utilize these provisions.

NON-FEDERAL MATCH OR COST-SHARE REQUIREMENTS

Funds available under the "revenue loss" eligible use category (sections 602(c)(1)(C) and 603(c)(1)(C) of the Social Security Act) generally may be used to meet the non-federal cost-share or matching requirements of other federal programs. However, note that SLFRF funds may not be used as the non-federal share for purposes of a state's Medicaid and CHIP programs because the Office of Management and Budget has approved a waiver as requested by the Centers for Medicare & Medicaid Services pursuant to 2 CFR 200.102 of the Uniform Guidance and related regulations.

SLFRF funds beyond those that are available under the revenue loss eligible use category may not be used to meet the non-federal match or cost-share requirements of other federal programs, other than as specifically provided for by statute. As an example, the Infrastructure Investment and Jobs Act provides that SLFRF funds may be used to meet the non-federal match requirements of authorized Bureau of Reclamation projects and certain broadband deployment projects. Recipients should consult the final rule for further details if they seek to utilize SLFRF funds as a match for these projects.

ADMINISTRATIVE EXPENSES

SLFRF funds may be used for direct and indirect administrative expenses involved in administering the program. For details on permissible direct and indirect administrative costs, recipients should refer to Treasury's [Compliance and Reporting Guidance](#). Costs incurred for the same purpose in like circumstances must be treated consistently as either direct or indirect costs.

Coronavirus State & Local Fiscal Recovery Funds: Overview of the Final Rule

REPORTING, COMPLIANCE & RECOUPMENT

Recipients are required to comply with Treasury's [Compliance and Reporting Guidance](#), which includes submitting mandatory periodic reports to Treasury.

Funds used in violation of the final rule are subject to remediation and recoupment. As outlined in the final rule, Treasury may identify funds used in violation through reporting or other sources. Recipients will be provided with an initial written notice of recoupment with an opportunity to submit a request for reconsideration before Treasury provides a final notice of recoupment. If the recipient receives an initial notice of recoupment and does not submit a request for reconsideration, the initial notice will be deemed the final notice. Treasury may pursue other forms of remediation and monitoring in conjunction with, or as an alternative to, recoupment.

REVISIONS TO THE OVERVIEW OF THE FINAL RULE:

- January 18, 2022 (p. 4, p. 16): Clarification that the revenue loss standard allowance is “up to” \$10 million under the Replacing Lost Public Sector Revenue eligible use category; addition of further information on the eligibility of general infrastructure, general economic development, and worker development projects under the Public Health and Negative Economic Impacts eligible use category.

**FLUVANNA COUNTY BOARD OF SUPERVISORS
AGENDA ITEM STAFF REPORT**

TAB C

MEETING DATE:	April 20, 2022				
AGENDA TITLE:	Fiscal Year 2023 Operations Budget and Tax Rates				
MOTION(s):	I move the Board of Supervisors adopt the resolution entitled “A Resolution to Adopt the FY23 Operations Budget, Set the Tax Rates and Appropriate Funds”.

**BOARD OF SUPERVISORS**

County of Fluvanna

Palmyra, Virginia

RESOLUTION No. 06-2022

**A RESOLUTION TO ADOPT THE FY23 OPERATIONS BUDGET,
SET THE TAX RATES AND APPROPRIATE FUNDS**

WHEREAS, it is the responsibility of the Fluvanna County Board of Supervisors to approve and control the County's fiscal plan for FY23; and,

WHEREAS, the Board of Supervisors has received numerous staff reports; received comments from residents at a duly advertised public hearing on April 13, 2022; and has reviewed each request for funding;

NOW, THEREFORE, BE IT RESOLVED by the Fluvanna County Board of Supervisors this 20th day of April 2022, that the Fluvanna County budget totaling **\$98,029,405** is adopted and the tax rates for FY23, the period July 1, 2022 through June 30, 2023, are set as given below:

COUNTY TAX RATES

Real Estate	\$0.87 per \$100 of assessed value
Mobile Homes	\$0.87 per \$100 of assessed value
Public Service Corps.	\$0.87 per \$100 of assessed value
Personal Property (Residential)	\$3.70 per \$100 of assessed value
Personal Property (Business)	\$2.90 per \$100 of assessed value
Personal Property (Public Utilities)	\$2.90 per \$100 of assessed value
Machinery & Tools	\$1.90 per \$100 of assessed value

BE IT FURTHER RESOLVED that the Board of Supervisors does hereby budget and appropriate to the COUNTY OPERATING BUDGET the following revenues and expenditures; this appropriation is also conditioned on the understanding that, with regard to the operating budget for the School system, revenues received from the Commonwealth will be expended prior to local dollars:

GOVERNMENTAL REVENUES

Local	\$49,599,906
State	36,201,718
Federal	<u>6,058,858</u>
TOTAL	\$91,860,482

GOVERNMENTAL EXPENDITURES

General Government Administration	\$ 3,163,928

BOARD OF SUPERVISORS

County of Fluvanna
Palmyra, Virginia

RESOLUTION No. 07-2022

A RESOLUTION TO ADOPT THE FY23-27 CAPITAL IMPROVEMENTS PLAN

At a meeting of the Fluvanna County Board of Supervisors held in the Carysbrook Performing Arts Center at 7:00 PM on Wednesday, April 20, 2022, the following resolution was adopted by the Board of Supervisors, the vote being as shown below and recorded in the minutes of the meeting.

WHEREAS, it is the responsibility of the Fluvanna County Board of Supervisors to approve the County's Capital Improvements Plan; and,

WHEREAS, the Capital Improvements Plan recommends the initiation and completion of numerous capital projects based upon staff recommendations and citizen input; and,

WHEREAS, the Board of Supervisors held a public hearing on the proposed Capital Improvements Plan on April 13, 2022; and,

WHEREAS, the Board of Supervisors has approved the FY23 Capital Improvements Budget as part of the overall Fluvanna County Budget;

NOW THEREFORE, BE IT RESOLVED by the Board of Supervisors that the FY 2023-2027 Capital Improvements Plan hereby be approved.

THE FOREGOING RESOLUTION WAS DULY AND REGULARLY ADOPTED by the Fluvanna County Board of Supervisors at the annual Organizational Meeting of the Board held on the 20th day of April, 2022;

PRESENTER(S):	Kelly Harris, Assistant County Administrator				
RECOMMENDATION:	Approve				
TIMING:	Routine				
DISCUSSION:	A Political Road Index provides an individual address-level view of all streets in the County. This level of detail is necessary in order to verify voter changes subsequent to 2021 redistricting. At the request of Joyce Pace, General Registrar, Hurt & Proffitt, Inc. (H&P), the County's GIS provider, has created a revised Political Road Index book which outlines road address ranges broken at US Congressional, VA Senate, VA House and County Precinct boundaries. This project follows the same deliverables as performed by H&P in 2018. The County wishes to expedite this work to meet a short forthcoming deadline. This task is outside of the original contract terms, and task order amendment is required.

Project Agreement #4
TERM CONTRACT BETWEEN COUNTY AND HURT & PROFFITT, INC. FOR
FOR GIS SYSTEM UPDATE/UPGRADE AND HOSTING SERVICES

This Project Agreement 4 (the “PA”) made this ____ day of _____, 2022, between Fluvanna County, Virginia (the “County”), a political subdivision of the Commonwealth of Virginia, and Hurt & Proffitt, Inc. (the “Consultant”), a Virginia corporation, is an addendum to that Geographic Information Services (“GIS”) System Update/Upgrade and Hosting Services Contract between COUNTY and HURT & PROFFITT, INC dated the 1st day of January, 2018 (including all exhibits thereto and as modified by that “Amendment #1 and Project Agreement #3” referred to herein as the “Agreement”). All defined terms in the Agreement shall have the same meaning in this PA unless the context used herein requires otherwise.

Whereas, pursuant to the Agreement the County shall issue written task orders to the Consultant as services are needed, and Project Agreement #1, Project Agreement #2, Amendment #1 and Project Agreement #3 have been entered into by the parties;

Whereas the Consultant submitted a Proposal for “Proposal for Professional Services: Fluvanna County Political Road Index Book” dated March 30, 2022, (“the Proposal”) which is attached hereto as **Exhibit 1** and incorporated by reference herein as a material part of this PA;

Whereas, the County desires that the Consultant complete all those services listed in the Proposal, including, but not limited to, Task 1 – Political Road Index Creation and those services and associated deliverables described in the Proposal, and as more specifically set forth herein (“Task 1”); and

Whereas, the Consultant desires to accept the work and complete the services and all work necessary and related to Task 1 pursuant to the terms of this PA (collectively the “Task Order”).

For good and valuable consideration, the parties hereby agree as follows:

ARTICLE I: THE AGREEMENT

The foregoing recitations are incorporated by reference into this PA.

This PA is made a material part of the Agreement. The parties hereto agree that except as specifically and expressly modified hereby that Agreement remains in full force and effect and the provisions of the Agreement are incorporated herein and are a material part hereof.

ARTICLE II: TASK ORDER

Consultant shall provide all work and services necessary or desired to complete the Task Order consistent with all provisions of this PA, Exhibit 1 and the Agreement. In addition to any requirements set out in Exhibit 1, the Consultant further agrees as a part of this Task Order to: (i) submit a draft(s) of the deliverable to the County for review and comment and to incorporate such modifications as the County requests into a final for-submission version of the index (“For-Submission Index”) which is acceptable to the County in its sole discretion; (ii) assist the County with any comments, requests for modification, or questions received from the State Board of Elections related to the For-Submission Index; and (iii) further modify the For-Submission Index

as requested by the County or the State Board of Elections until a final index has been approved by the State Board of Elections and the County (the “Final Index”) and can be used by the County for its intended purpose.

The County’s project manager for technical inquiries relating to this PA shall be:

Joyce Pace
Registrar Fluvanna County
P.O. Box 44
Palmyra, VA 22963
Phone: (434) 589-3593
E-mail: jp pace@fluvannacounty.org

Billing inquiries should be directed to Eric Dahl, County Administrator, whose contact information appears below in Article VI.

ARTICLE III: EXHIBITS AND RESOLVING CONFLICTS

The rights and duties of the County and Consultant applicable to the County’s projects under this PA are set forth in the following Agreement Documents:

- (i) This PA;
- (ii) Exhibit 1 hereto **EXCEPT THE COUNTY AND CONSULTANT SPECIFICALLY AGREE THAT THE CONSULTANT’S “GIS – STANDARD TERMS AND CONDITIONS” ARE INTENTIONALLY OMITTED AND ARE NOT MADE A PART OF THIS PA;**
- (iii) The Agreement including exhibits thereto; and
- (iv) The County of Fluvanna General Terms Conditions and Instructions to Bidders and Contractors, being a portion of Exhibit 1 which is attached to and a part of the Agreement.

Whenever possible, the terms of the above documents shall be read together, however in the event of a conflict, the order of preference above shall govern which Agreement Document will control. In other words, (i) shall control over (ii) to (iv) above, and (ii) shall control over (iii) and (iv) and so forth.

ARTICLE IV: FEES

Notwithstanding anything to the contrary contained in Exhibit 1 hereto, the Consultant shall be paid hourly for their work based upon the rate of \$80.00 per hour or less as set forth in the Agreement and Exhibit 2 to the Agreement and consistent with all requirements of the Agreement (including specifically, but without limitation, Section IV and V of the Agreement regarding increments of billing, billing, invoicing, etc.) for the **Task Order** and up to the following not-to-exceed fees for the Task Order services:

FOUR THOUSAND FIVE HUNDRED AND NO/100 DOLLARS (\$4,500.00) for the Task 1 services.

The fee shall be payable by the County upon proper invoice by the Consultant as described herein upon completion of the Task Order. No invoice may be provided by the Consultant to the County until the Task Order is complete and all items or services purchased have been delivered to, inspected by and accepted by the County, including but not limited to, that deliverable described in the Proposal as the index. The Consultant will be paid within forty-five (45) days of receipt of a proper invoice following final acceptance of all work on the Task Order by the County. The hourly fee up to the not to exceed total includes all fees, costs and charges of any kind to perform all the services and work, including supplying at its own cost and expense any necessary tools, equipment or materials, necessary or desirable for completion of the task specified.

Invoices shall include the following: the contract number, Task Order number, work authorization, copies of supplier invoices or inventory list for materials used for project, hours worked, and total amount due. As required by the Agreement, all Task Order services shall be billed hourly with hourly work billable to the County in increments of a quarter of an hour; or less if such is the regular business practice of the Contractor. Such hourly rates will be prorated accordingly. The minimum charge shall be a quarter hour or less. **Notwithstanding any of the foregoing, the total cost of the Task Order services shall be those hourly fees actually worked up not exceed the \$4,500 as set out in this PA.** The Contractor agrees to complete the Task Order services at the not to exceed amount set out herein.

ARTICLE V: TERM

Consultant shall with due diligence and dispatch assiduously pursue this Task Order to completion, but in any event such Services and work being a part of the Task Order including the For-Submission Index must be completed to the sole satisfaction of the County on or before April 30, 2022. If thereafter, the State Board of Elections or the County request changes to be made to the For-Submission Index, then the Consultant agrees to make such changes with due diligence and dispatch and assiduously pursue the modifications to completion, but in any event the Consultant shall respond to any such requests for changes from the State Board of Elections or the County within three (3) business days of such request by providing an appropriate revised index. The Consultant and the County agree that the Final Index must be completed by June 1, 2022; except that if comments or requests for modification are received from the State Board of Elections after June 1, 2022, the Consultant agrees to immediately and diligently address such comments within one (1) business day of receipt until a Final Index is accepted by the State Board of Elections and the County. Time being of the essence for all dates and timeframes set forth in this Article V.

ARTICLE VI: MISCELLANEOUS

As appropriate to the context, the singular will include the plural and vice versa, and reference to one gender will include the others. This PA may be executed in one or more counterparts, each of which will be considered the PA for all purposes of proof. In addition to allowing electronic signatures upon an electronic copy of this PA, as provided by Virginia law, facsimile signatures upon any signature page will be considered to be original signatures. This PA contains the entire understanding of the parties with respect to the subject matter hereof and is to be modified only by a writing signed by the parties to this PA. This PA will be binding upon and inure to the benefit of the respective parties and their successors. This PA is not assignable by either party, except by operation of law. The legal address for the County and for the Consultant and the addresses for delivery of Notices and other documents related to the administration of this

MEETING DATE:	April 20, 2022				
AGENDA TITLE:	FY22 Kents Store ARC Funding Request				
MOTION(s):	I move the Board of Supervisors [approve/deny/defer] a budget transfer of \$_____ from the FY22 BOS contingency budget to the FY22 Non-Profit budget to provide funding for facility maintenance for the Kents Store Agricultural Recreational Center (ARC) Club, Inc.				
STRATEGIC INITIATIVE?	Yes	No	If yes, list initiative(s):		
		X			
AGENDA CATEGORY:	Public Hearing	Action Matter	Presentation	Consent Agenda	Other
		X			
STAFF CONTACT(S):	Eric Dahl, County Administrator				
PRESENTER(S):	Eric Dahl, County Administrator				
RECOMMENDATION:	N/A				
TIMING:	Routine				
DISCUSSION:	<p>The Kent Store ARC submitted a funding request to the County to receive annual funding as a "Non-Profit" on March 4, 2022. The request would be for \$400/mo. or \$4,800/yr. starting with the new FY 23 fiscal year on July 1, 2022.</p> <p>ARC leadership submitted issues:</p> <ul style="list-style-type: none"> • The County and the ARC already have a long standing partnership of joint use with the Fire Department to include: <ul style="list-style-type: none"> ○ The mutual use of the sewage treatment facilities located on ARC property. • Voting precinct for the Columbia District • County Presentations for all issues relative to Fluvanna, i.e. public water lines, redistricting, and comprehensive planning reviews, etc. • Parks and Rec is now using the ARC multiple times a month for senior activities. • The number of elections, special elections and primaries that the Registrar has to conduct continues to grow; each event requires a 3 day usage of the building to set up and prepare. • Have begun to open the building for usage as an Emergency Sheltering facility such as for the most recent snow/ice storm in January. <ul style="list-style-type: none"> ○ It provided shelter, a place to just come in and get warm, bathrooms, and maybe just as important; internet and recharging capability for cellular devices. ○ The ARC would like to offer the use of the building as part of the County's permanent planning for emergency sheltering going forward. 				

	<ul style="list-style-type: none"> ○ Staffing could be augmented with county personnel and we think it is an excellent location since all of the Columbia District folks know where their voting precinct is located. • Their revenue stream is very limited and dependent entirely on rental income, which generally pays the electric and annual insurance bills, but does not cover for grounds/building maintenance or any capital improvements. All grass cutting, leaf/debrief and snow removal is done entirely by a few members who volunteer their time and equipment. <p>The board heard a presentation from Kents Store ARC vice-president, Mel Sheridan on April 13, 2022 discussing the request and their above submitted issues. The board did not want to consider this as part of the FY23 budget request and asked to bring it back for the April 20, 2022 meeting as an action item.</p>				
FISCAL IMPACT:	Any funding request would reduce the FY22 BOS Contingency budget.				
POLICY IMPACT:	None

		X			

**MEMORANDUM OF UNDERSTANDING
BETWEEN THE BOARD OF SUPERVISORS OF FLUVANNA COUNTY
AND
KENTS STORE AGRICULTURAL RECREATIONAL CENTER CLUB, INC.**

This is a memorandum of understanding by and between the BOARD OF SUPERVISORS OF FLUVANNA COUNTY, VIRGINIA, a political subdivision of the Commonwealth of Virginia (hereinafter "County"); and KENTS STORE AGRICULTURAL RECREATIONAL CENTER CLUB, INC., a Virginia not-for-profit corporation (hereinafter "ARC"), provides as follows:

1. ARC is the owner of a certain parcel of real property, improved with a building, located at Kents Store, Virginia, and commonly known as the ARC building.
2. ARC has, for several years, permitted the County to use the ARC building for public purposes as a polling place for its elections and for certain recreational activities operated by its department of parks and recreation.
3. Both County and ARC believe that it is in their respective interests, and in the interest of the public, to continue this association indefinitely.
4. Both County and ARC recognize that the ARC building is in immediate need of significant improvement and renovation in order to serve the needs of both parties, and County has agreed to donate to ARC a sum of money which the parties believe will be sufficient to fund the improvements necessary for County's purpose, which improvements will also benefit ARC.

Therefore, the parties hereby note their understanding and agree as follows:

- (1) County will donate to ARC, pursuant to Virginia Code Sec. 15.2-953, the sum of \$30,000, to be used by ARC for the renovation and improvement of ARC's building (as the funds permit) with respect to:
 - (a) Installation of improved interior lighting;
 - (b) Installation of improved HVAC facilities;
 - (c) Repair and installation of kitchen flooring, cabinets, countertops and faucets;
 - (d) Repair and upgrade of building plumbing; and
 - (e) Installation of new handicapped access ramp;
 - (f) Installation of new dimensional roofing shingles
- (2) All of the foregoing shall be performed within a reasonable time with a targeted completion date of June 1, 2018, and shall be completed to the reasonable satisfaction of the County's director of public works, in accordance with all applicable law, in a

workmanlike manner and so as to permit the continued use by the County as a polling place and for its recreational activities.

- (3) County may desire to expand its recreational activities, and ARC agrees to permit such expansion provided that such expansion shall be at all times compatible with ARC's recreational activities. It is estimated that such activities, including polling place and other uses, will not exceed 60 days per calendar year.
- (4) County expects to continue its uses of the building for a period of at least 20 years, which the parties agree is consistent with a reasonable period for "straight-line" depreciation of the work. To the extent that ARC may decide to terminate or substantially reduce County's use of the building, ARC will reimburse County for its donation, less the value received by the County as of the date of such termination, based on a 20-year straight-line depreciation.
- (5) County agrees to comply with ARC's reasonable rules and practices for cleanup and other similar work necessitated by its use from time to time.
- (6) ARC intends to perform other repairs and improvements which may be done together with the work described in paragraph (1) above.

Witness the following signatures by the parties' respective duly authorized agents.

ENCLOSURES:	Candidate Application			

APPLICATION TO SERVE ON BOARDS/COMMISSION/COMMITTEES

County of Fluvanna

Applicants are considered as vacancies occur and your application will be kept on file for three years.

Fluvanna County does not discriminate on the basis of race, color, national origin, sex, religion, age, or disability in employment or the provision of services. Before completing the application, please review the membership requirements for the Board, Commission, or Committee for which you are interested. Applicants who do not meet membership requirements will not be put forward for consideration.

Name: Bern'Nadette Knight	Election <input type="checkbox"/> Columbia <input type="checkbox"/> Cunningham <input type="checkbox"/> Fork Union District: <input checked="" type="checkbox"/> Palmyra <input type="checkbox"/> Rivanna <input type="checkbox"/> Other
EXPERIENCE/PROFESSIONAL EXPERTISE/EDUCATION (Please provides dates of education and experience. You may also provide a resume/CV.): PhD- Health Education and Promotion (2013 Completion date) MSPH (Master of Science in Public Health)- Health Policy and Outcomes Research (2002 Completion date)	
CURRENT OR PRIOR SERVICE ON BOARDS/COMMISSIONS/OR COMMITTEES: I have worked on the following in a professional capacity: -PVCC: Diversity and Equity workgroup- Served as co-chair with goal of helping the college understand current DEI landscape, foster DEI among student body and advance DEI efforts at the college -DBHDS: Systems of Care Expansion Advisory Team- served as member comprised of state agency and family support professionals. Mission was to advance family and youth based services in the Commonwealth. I served as notetaker, developed and analyzed satisfaction surveys, and helped guide group through team building (mission/vision. etc.) -Virginia Mental Health Access Program: Executive committee- represented DBDHS/state funder for program. Worked with vendor to help develop the program in VA and processes for long term sustainability. Also drafted VMAP's diversity statements with respect to underserved youth and youth of color which highlighted the program's commitment to ensuring all youth can benefit from the service. -Grant Reviewer: On behalf of the VA Dpt of Social Services (Domestic Violence and Prevention Grants) -Policy Reviewer: On behalf of the VA Department of Social Services (DSS)- Linking Systems of Care Project	
CIVIC ACTIVITIES AND MEMBERSHIPS (Roles with fraternal, business, church, or social groups – please provide dates): Member: VMAP Executive Committee- 2019-2021 Member: The Virginia Association for Management, Analysis and Planning- 2015-2016 Secretary: The Virginia Association for Management, Analysis and Planning- 2016 Member: Association for Institutional Research- 2015-2016 Chair: Piedmont Virginia Community College Diversity and Inclusion Committee- 2016 (1 year term)	
REASON(S) FOR WANTING TO SERVE FLUVANNA COUNTY: I am interested in using my professional and lived experience to help provide a meaning contribution to Virginia and Fluvanna County. I am not originally from Virginia (Mississippi native). I grew up with my grandparents and older adults present heavily in my life. Having this experience gave me first hand insight into the struggles seniors face in day to day life as well as accessing resources to meet their needs. Although not an area I have focused on extensively in my professional life, I feel that the skills I have can help JABA make informed decisions that can improve the lives of seniors in Fluvanna/VA. On a personal level, I am at a point in my career where I would like to use what I have learned to give back, meet and learn from others, and improve lives.	

Fluvanna County Board, Committee, and Commission Attendance Policy

(Approved June 17, 2015)

1. BCC members shall attend at least two-thirds of all scheduled meetings in each calendar year while serving.
2. The Chairperson of the board, commission, or committee shall notify the Clerk to the Board of Supervisors of any absences exceeding this policy.
3. The Clerk shall report these findings to the Board of Supervisors, typically in closed session.
4. Appointees who do not meet the attendance requirement without a valid reason(s) may be deemed to have rendered an implied resignation of that appointment.
5. The Board may choose to accept the resignation and appoint another person to fill the appointed position. The Board may also override the implied resignation and extend the appointment, if extenuating circumstances so dictate.
6. This requirement shall apply to all boards, commissions, or committees listed on the attached application form, provided however, that if State or County Ordinance addresses attendance requirements in an alternative manner, such law shall prevail.

To use my extensive academic and hands-on background in public/community health, research, reporting and program planning to help better the lives of the people of Virginia.

Education:

- **Doctor of Philosophy, Public Health** (Health Education and Promotion emphasis), University of Alabama at Birmingham, School of Public Health, Birmingham, AL
- **Master of Science in Public Health** (Health Policy and Outcomes Research emphasis), University of Alabama at Birmingham, School of Public Health, Birmingham, AL
- **Bachelor of Science** (Biology), Tougaloo College, Tougaloo, MS

Professional Skills:

- Data interpretation, qualitative/quantitative data collection and analysis (i.e. survey design, report writing and dissemination and presentation), program evaluation
- Advisory/workgroup strategic planning, program administration, community based participatory collaboration

Work Experience:

OMNI Institute

Research Manager: 8/2021- Present

- Manage statewide contracts with Department of Behavioral Health and Developmental Services (DBHDS) related to substance abuse prevention efforts and needs assessment, COVID-19 emergency funding and other contracts with the agency.
- Supervise projects teams to meet contract deliverables for DBHDS projects.
- Direct the framework development of webinars and training for Community Services Boards (CSBs).
- Direct the development of progress reports highlighting quarterly and yearly contract progress.
- Manage project budget and staffing to ensure contract deliverables are met on time and within budget.

Department of Behavioral Health and Developmental Services

Program Administrative Specialist II (Virginia Mental Health Access Program (VMAP) State Program Administrator)

Office of Child and Family Services: 6/2019- 7/2021

- Drafted Request for Proposal (RFP) announcement (background, purpose, scope of work, proposal instructions) to secure a vendor to centralize VMAP services across the state and worked with agency procurement throughout lifecycle of RFP (solicitation, review of proposals and contract negotiations).
- Served as Contract Administrator of VMAP Contract (3.2M USD) to include monitoring and evaluating vendor contract progress/deliverables, maintaining/managing the budget, coordinating contract deliverables with supporting agencies and updating supervisor/senior agency leadership of program progress.

- Served as member of the VMAP Executive Committee which provided oversight and guidance on VMAP administration through local, state and federal funds.
- Directed the vendor in setting program evaluation metrics and data analysis plans to measure and report on program outcomes.
- Provided technical assistance to vendor and program stakeholders as needed.

Program Administrative Specialist II (Systems of Care (SOC) Evaluation and Data Coordinator)

Office of Child and Family Services: 4/2017-6/2019

- Developed user-friendly data snapshot reports for state SOC stakeholders and regional expansion centers highlighting program (High Fidelity Wraparound) fidelity, grant deliverables and child/family outcomes.
- Reported required federal workforce, policy and programmatic performance measurement indicators quarterly outlining grant progress toward expanding SOC throughout the Commonwealth.
- Developed and administered data collection templates to grant sites which standardized reporting of state outcomes and progress toward expanding SOC within the state.
- Evaluated grant progress and provided technical assistance to help sites troubleshoot barriers to meeting grant goals and objectives.

Piedmont Virginia Community College

Research Analyst, Institutional Research, Planning and Institutional Effectiveness (IRPIE): 11/2014-4/2017

- Designed, modified, administered and monitored surveys to recent graduates, current students and non-returning PVCC students.
- Monitored and reported daily, semester and yearly enrollment trends which was used to guide college planning, administration and budgeting needs.
- Analyzed data and wrote a variety of reports using survey data which pertained to satisfaction, graduate employment, and reasons why students didn't return to PVCC.
- Updated and modified the IRPIE webpage regularly with current PVCC enrollment, graduation, retention, transfer and service region occupational data.
- Conducted study/protocol (IRB) review and provided recommendations of study approval to the IRPIE Director.
- Generated reports for college administration to guide decision-making of student services offered at the college.

University of Alabama at Birmingham, Birmingham, AL

Graduate Student Assistant – (Supervisor: Dr. Raegan Durant): 2008-2010

- Assisted in the planning, administration, and evaluation of each study by developing a manual of operation, data dictionaries for use with quantitative survey instruments, and maintaining participant files.
- Conducted focus group sessions among heart failure participants aimed at understanding the role of social support on self-care and performed subsequent data analysis to obtain emerging themes.
- Prepared Institutional Review Board (IRB) amendments, and subsequent renewals for each study.
- Presented baseline study findings at scientific meetings/conferences.

Graduate Student Assistant – (Supervisor: Dr. Nefertiti Durant): 2008-2010

- Assisted in the development of nominal group technique (NGT) scripts used during formative stages of website development and conducted subsequent sessions.

- Developed and updated study protocols outlining qualitative data transfer, participant recruitment and cognitive interview scheduling.
- Conducted focus group and Cognitive Interview (CI) sessions among study participants to evaluate the feasibility and user friendliness of a culturally relevant website aimed at promoting physical activity among African American females.
- Conducted participant recruitment (initial contact follow-up) for walking and focus group sessions.
- Generated quarterly reports for submission to funding agency outlining study progress and future steps.
- Conducted preliminary data analysis of qualitative data used to guide website development.
- Assisted in IRB preparation of amendments and renewals for each study.

- [Zion Crossroads Corridor Improvement Study \(link\)](#) – This small area study, which is supported by stakeholders from VDOT, Fluvanna and Louisa counties and the Thomas Jefferson Planning District Commission. The study is evaluating vehicle, transit, bicycle, and pedestrian accommodations along Route 15 (James Madison Highway) between the intersections of Sommerfield Drive and Starlite Park as well as along Route 250 (Three Notch Road/Richmond Road) between Route 631 (Troy Road) and Route 613 (Poindexter Road). The purpose of the study is to develop short-, mid-, and long-term community-supported transportation solutions to provide safe travel for all uses and users of the roadway. The results from this study have been reviewed and potential transportation projects were developed and presented for feedback on 2/23/22. Additional public outreach is being considered.

Maintenance Activities

VDOT crews in Palmyra and Zions Crossroads Area Headquarters have responded to **460** Work Orders in FY22. Top activities have been dead animal removal and fall tree/limb clearing.

STAFF CONTACT(S):	Jennifer Schmack, Director of Economic Development				
PRESENTER(S):	Jennifer Schmack, Director of Economic Development Sandy Dubay, Platinum PR				
RECOMMENDATION:	N/A				
TIMING:	Routine				
DISCUSSION:	<ul style="list-style-type: none"> July 2021 - the County entered into a contract with Platinum PR to facilitate the creation of an Economic Development Strategic Plan. January 2022 - Platinum PR held individual interviews with the Board of Supervisors and the Economic Development Authority. Three focus group sessions were conducted, one group was comprised of staff and two groups of community stakeholders. The data collected from these meetings was used to create the draft Economic Development Strategic Goals. Once the draft strategic goals are reviewed and staff receives comments, the work to finalize the Economic Development Strategic Plan will proceed. It is anticipated the final Economic Development Strategic Plan will be complete May/June 2022.

**Fluvanna County Economic Development
DRAFT Strategic Goals FY2023-FY2028**

- 1. Position Fluvanna County as a business-friendly county with competitive assets in the Central Virginia region.**
 - a. Reorganize and communicate steps of streamlined and standardized business permitting process to new and existing businesses in Fluvanna County.
 - b. Design potential business incentive offerings in Fluvanna County.
 - c. Promote the “Fluvanna County Shovel-Ready Sites” program to landowners, businesses, and the community at large to encourage the creation of higher tiered pad-ready sites (as defined by the Virginia Economic Development Partnership Authority in its Virginia Business Ready Sites Program in accordance with Section 2.2-2238.B of the Code of Virginia of 1950) in Fluvanna County.
 - d. Continue to invest in key growth areas in Fluvanna County, including but not limited to Fork Union, Columbia, Palmyra, and Zion Crossroads.
- 2. Foster entrepreneurship, business growth, and expansion in Fluvanna County through business retention efforts.**
 - a. Continue to collaborate at the regional level to provide programs and services; share resources and assets to reduce costs and improve quality.
 - b. Formalize a County Business Retention and Expansion (BR&E) program.
 - c. Create a business database of all existing businesses for tracking business metrics in Fluvanna County.
 - d. Support, advocate, and promote the new community commercial kitchen.
 - e. Explore entrepreneurial support opportunities such as the development of a coworking space, business incubator, or makers space.
 - f. Work towards the creation of a new position geared towards marketing and tourism promotion and business retention within the Fluvanna County Economic Development Office.
 - g. Develop a comprehensive hazard mitigation plan for businesses within Fluvanna County.
- 3. Develop new and enhance existing tourism experiences, activities, and events in Fluvanna County to increase tourism attraction.**
 - a. Devise and implement shop local incentives and programs.
 - b. Promote local tourism experiences - agritourism, viticulture, artisans, events, parks, outdoor recreation.
 - c. Research and apply for grants to support tourism initiatives in Fluvanna County.
- 4. Support Fluvanna County businesses with talent recruitment and retention challenges.**
 - a. Establish partnerships with local educational institutions and workforce partners to develop a talent pipeline to fit local skills needs.
- 5. Advocate for the Fluvanna County business community as the county addresses its infrastructure challenges.**

4 - COUNTY ADMINISTRATOR’S REPORT

Mr. Dahl reported on the following topics:
Announcements and Updates
New Employees

- Alan Davis, Assistant Registrar, Registrar's Office, Started March 28th
- William Ross, Family Services Specialist, Department of Social Services, Started March 28th
- Rachel Brewster, Financial Services Technician/AP, Finance Office, Started April 4th

VDOT's Bridge Crew is preparing to begin construction on the Rt. 639 Bridge over South Fork Cunningham Creek.

- Construction is scheduled to begin on April 4, 2022 and will last approximately 6 weeks.
- Long Acre Rd will be closed throughout the duration of the project and there are no plans to install a formal detour during construction.
- There will be message boards put up to inform the public of the road closure and the boards will remain for the duration of the project stating to "USE ALTERNATE ROUTES".

Library Events

- In February the Library gave out Grab n Go Tiny Art kits to anyone ages 10+ that wanted one and asked them to create a tiny piece of art and return it for the Fluvanna Library's Tiny Art Show.
- The Tiny Art Show will be at the Library Monday, March 21 through Saturday, April 16.
- Please stop by and check out all the talented artists in Fluvanna County.
- Sponsored by the Friends of the Library
- Friday Story Time Pig Roundup - After some great stories about pigs, everyone participated in a pig roundup
- Fluvanna High School's SGA came for Hands on Fluvanna to help the Library set up a mini golf course for Spring Break
- The golf course will be available for everyone to play during all Library hours next week.

Pleasant Grove Park Control Burn

- Control burn happened on March 30, 2022.
 - Complete burn of the Meadow Area C highlighted below.
- Control burn performed by Chuck Wright of the Virginia Department of Forestry.

- Accompanying him with the control burn were eight other local foresters.
- The Meadow burn started at 11:50am and took approximately 3 hours to complete.

Butterfly Garden Water

- Since the Butterfly Garden was installed, it has been without water.
- Water had to be brought in to water the plants for growth.
- Thanks to FUSD's Roger Smith and Greg Sawyer for getting this project completed on March 24, 2022!
- This will now allow for easier use of water in the garden.

Disc Golf Parking Lot

- The Rotary Club purchased materials and installed a parking lot at our disc golf course with the help of FUMA's Interact Club on March 26, 2022.
- The Rotary Club of Fluvanna wanted to do a project with Parks and Recreation that would benefit the community.
- There are future plans for the Rotary Club to install a kiosk next to the parking lot for disc golf information.

Fluvanna County Earth Day Tire Drop Off Event

- Saturday April 23, 2022, 10:00am to 12:00pm
- Proof of Fluvanna County residency required
- All tires must be off rims, no tractor tires, no big rig tires, no electronics, no hazardous waste, no business disposals

Fluvanna County Parks and Recreation Annual Easter Egg Hunt at Pleasant Grove Park

- Saturday, April 12 at 10:00am
 - (please arrive early!)
 - Bring your own basket
- Free event is open to ages 12 and younger
- Hunt will begin promptly at 10:00am and will end when the last egg is found.

Drive Through Rabies Clinic

- Saturday, April 30th, 9:00am to 12:00pm at Pleasant Grove Park, 271 Pleasant Grove Drive
- Cost: \$10 per animal (cash only)
- Preregistration forms must be filled out and returned in advance - Can be picked up at FSPCA or <https://fspca.org>
- Must remain in vehicle, dogs must be on leashes and cats must be in individual carriers

Spotlight on Business

- The Fluvanna Economic Development Authority held a pitch competition on April 4, 2022
- 5 businesses completed a 16-week Entrepreneur Workshop, plus an additional Entrepreneur Certificate program through scholarships from the EDA to the Community Investment Collaborative to become eligible to compete for a \$5,000 and \$3,000 cash prize
- Judges included CIC Representative Shannon Beach and Fluvanna Supervisors Fairchild and Booker
- This event was made possible by a Charlottesville Area Community Foundation Grant the EDA received in 2021
 - First Place: Erika Mitchell – Sweet Art Emporium
 - Second Place: Eric Agee – Agee's Services

| • Mental health counseling | • Transportation |
| • Parent education and training | • Support groups |
| • Substance use disorder treatment | • Short-term respite |
| • Financial assistance | • Other community-based services |
| • Employment services | |

There were 52,263 children in Virginia reported as possible victims of abuse or neglect in 2021

- Report child abuse or neglect to Fluvanna department of social services at 434.842.8221
- The Virginia child abuse & neglect hotline at 800.552.7096

MOTION:	Proclaim the month of April 2022 as Celebrating Children Month in Fluvanna County in observation of Child Abuse Prevention Month.				
MEMBER:	Mrs. Booker	Mrs. Eager	Mr. Fairchild	Mr. O'Brien	Mr. Sheridan
ACTION:	Motion	Second			
VOTE:	Yes	Yes	Yes	Yes	Yes
RESULT:	5-0				

- On Monday, March 21, 2022, the Virginia Department of Conservation and Recreation (DCR) inspected a privately owned dam on Mclver Lake in the southern region of the county near Bremono Bluff and determined its condition to be one of imminent failure.
- It was estimated at the time that the lake was over 10 acres in size, over 20 feet deep and holding more than 60 million gallons of water, which if a full breach occurred, would put Bremono Rd under 3.5 feet of water and could affect the Dominion Bremono site operations.
- DCR contacted the Virginia Department of Emergency Management (VDEM), who in turn alerted Debbie Smith, Fluvanna County Emergency Management Coordinator around 2pm Monday afternoon, to this imminent failure, which set off a chain of events focused on mitigating any harm caused by the potential failure.
- County staff and Public Safety worked rapidly to alert the public, coordinate with multiple state agencies and private businesses, close Bremono Rd. and notify the media of the road closing.
- Before the County could begin repair or mitigation efforts with the failing dam itself, authorization from Governor Youngkin was required and that authorization was received around 7:15pm Monday evening.
- The authorization was important, that was the needed approval required to allow the County to be reimbursed from the state for the lake draining and removal efforts.
- Fluvanna County was authorized to proceed under the direction of the DCR by way of the Governor’s authorization to completely drain the lake and cut a notch in Mclver dam so that it will no longer impound water.
- Emergency procurement secured contractors for excavating and pumping.
- By 9:30pm, Handley Excavation and Development arrived on scene with an excavator to clear access to the lake and after that, pump equipment arrived from Xylem, which was operational by midnight to start pumping to lower the water level of Mclver Lake.
- In an effort to assist the County with the lake lowering measures, Dominion let the County use two additional pumps.
- As of April 1, 2022, DCR determined the imminent threat was over and we could move to decommissioning the dam.
- As of today, the lake has mostly been drained and the existing stream channel has temporarily been diverted to keep water off the dam, to allow the contractor to start decommissioning the dam structure.
- It is anticipated that final decommissioning efforts will take around another 2 weeks to complete.
- Code of Virginia § 44-146.21. Declaration of local emergency.
 - (a) A local emergency may be declared by the local director of emergency management with the consent of the governing body of the political subdivision. In the event the governing body cannot convene due to the disaster or other exigent circumstances, the director, or in his absence, the deputy director, or in the absence of both the director and deputy director, any member of the governing body may declare the existence of a local emergency, subject to confirmation by the governing body at its next regularly scheduled meeting or at a special meeting within fourteen days of the declaration, whichever occurs first. The governing body, when in its judgment all emergency actions have been taken, shall take appropriate action to end the declared emergency.

MOTION:	Confirm the decision to declare a local emergency effective March 21, 2022 in response to the emergency actions taken because of the potential failure of the Mclver Lake Dam.

PROCLAMATION 02-2022

Child Abuse Prevention Month

WHEREAS, in Federal Fiscal Year 2020, 3,925,000 reports were made to child protective services; and

WHEREAS child abuse and neglect is a serious problem affecting every segment of our community, and finding solutions requires input and action from everyone in our community; and

WHEREAS, our children are our most valuable resources and will shape the future of Fluvanna County; and

WHEREAS, child abuse can have long-term psychological, emotional, and physical effects that have lasting consequences for victims of abuse; and

WHEREAS, protective factors are conditions that reduce or eliminate risk and promote the social, emotional, and developmental well-being of children;

WHEREAS, effective child abuse prevention activities succeed because of the partnerships created between child welfare, education, health, community- and faith-based organizations, and businesses and law enforcement agencies; and

WHEREAS, communities must make every effort to promote programs and activities that create strong and thriving children and families;

WHEREAS, we acknowledge that we must work together as a community to increase awareness about child abuse and contribute to promote the social and emotional well-being of children and families in a safe, stable, nurturing environment.

WHEREAS, Prevention remains the best defense for our children and families;

NOW, THEREFORE, the Fluvanna County Board of Supervisors does hereby proclaim April 2022 as **NATIONAL CHILD ABUSE AND NEGLECT PREVENTION MONTH** in Fluvanna County and urge all citizens to recognize this month by dedicating ourselves to the task of improving the quality of life for all children and families.

Passed and adopted this 6th day of April, 2022.

John M. Sheridan

Chair, Board of Supervisors

BOARD OF SUPERVISORS
County of Fluvanna
Palmyra, Virginia

RESOLUTION No. 05 - 2022

RESOLUTION FOR THE DECLARATION OF LOCAL EMERGENCY

WHEREAS, on Monday, March 21, 2022, the Virginia Department of Emergency Management alerted the County to the imminent failure of a privately-owned dam at McIver Lake in the southern region of the county; and

WHEREAS, County Public Safety and Emergency Management Staff, and the Director of Emergency Management, determined that the threat of potential injury from the imminent failure was great enough to warrant coordinated local government action to prevent or alleviate any potential damage, loss, hardship, or suffering; and

WHEREAS, Governor Glenn Youngkin did invoke section 10.1-608, Code of Virginia, duly authorizing Fluvanna County to take all prudent actions necessary to alleviate the imminent failure of this dam; and

WHEREAS, the Virginia Department of Conservation and Recreation will reimburse Fluvanna County for all costs incurred to drain the impoundment and breach the dam;

NOW, THEREFORE, BE IT RESOLVED that, pursuant to Virginia Code Section 44-146.21, the Director of Emergency Management has declared the existence of a local emergency for Fluvanna County, which such local emergency exists throughout Fluvanna County effective retroactively to Monday, March 21, 2022 and expiring on April 30, 2022, and to which declaration the Board of Supervisors hereby consents; and

BE IT FURTHER RESOLVED that during the existence of said local emergency, the Director of Emergency Management and the Emergency Management Coordinator, of Fluvanna County respectively, shall have the powers, functions, and duties prescribed by Virginia Code Section 44-146.21(c1) and by the Fluvanna County Emergency Operations Plan in order to mitigate and recover from the effects of said local emergency.

THE FOREGOING RESOLUTION WAS DULY AND REGULARLY ADOPTED by the Fluvanna County Board of Supervisors at a regular meeting of the Board held on the 6th day of April, 2022:

10 - UNFINISHED BUSINESS

FY23 Budget Discussion

- *FCPS Wireless Network Technology Funding* – Josh Gifford
 - \$130,000 was set aside for the school’s technology upgrades.
- *Spray Ground Park* – Aaron Spitzer, Director of Parks and Recreation
 - \$200,000 was allocated for the spray park at Pleasant Grove.
- *Kents Store ARC Funding* – Mel Sheridan, Commissioner of the Revenue
 - On behalf of the ARC Hall, Mr. Sheridan requested supplemental funding of \$400 a month for the use of the facility for County functions.
- *New ARPA Funds Guidance* – Eric Dahl, County Administrator
 - US Treasury updated the final rule on ARPA Funds usage.
 - The final rule offers a standard allowance for revenue loss up to \$10 million. The standard allowance for revenue loss provides recipients with a mechanism to reduce the administrative burden that may be required for alternate uses of these funds.
 - ARPA Funds can be used to respond to the public health emergency and its negative economic impacts of the pandemic, to respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay to eligible workers, to make necessary investments in water, sewer, or broadband infrastructure.

Mrs. Booker asked about the BOS Retreat on April 30, 2022, and the Board offered a few suggestions for agenda items

- Facilitator from the Virginia Institute of Government to come in and present to the Board
- Comprehensive Plan
- Policy and Procedures
- Review Mission and Purpose

Mr. Dahl asked for a couple of Board members to attend meetings with members of JRWA and the FRA

- JRWA Meeting - Sheridan and Eager
- FRA Ordinance Meeting - O’Brien and Fairchild

DISCUSSION:	<p>"When Older Americans Month was established in 1963, only 17 million living Americans had reached their 65th birthday. About a third of older Americans lived in poverty and there were few programs to meet their needs. Interest in older Americans and their concerns was growing. A meeting in April 1963 between President John F. Kennedy and members of the National Council of Senior Citizens led to designating May as "Senior Citizens Month," the prelude to "Older Americans Month."</p> <p>Historically, Older Americans Month has been a time to acknowledge the contributions of past and current older persons to our country, in particular those who defended our country. Every President since Kennedy has issued a formal proclamation during or before the month of May asking that the entire nation pay tribute in some way to older persons in their communities. Older Americans Month is celebrated across the country through ceremonies, events, fairs, and other such activities." – <i>from the Older Americans Month website</i></p>

BOARD OF SUPERVISORS
County of Fluvanna
Palmyra, Virginia

PROCLAMATION 03 - 2022

Proclaiming May 2022 Older Americans Month

WHEREAS, Fluvanna County includes a growing number of older Americans, currently over 19 percent of the population, who contribute their strength, wisdom, and experience to our community; and

WHEREAS, our community benefits when people of all ages, abilities, and backgrounds are welcomed, included, and supported; and

WHEREAS, Fluvanna County recognizes our need to create a community that provides the services and supports older Americans need to thrive and live independently; and

WHEREAS, Fluvanna County can work to build an even better community for our older residents by:

- Providing supports and services that allow for greater independence.
- Developing infrastructure that is responsive to individual needs and preferences.
- Designing programs, services, and policies with people of all ages in mind.

NOW, THEREFORE, the Fluvanna County Board of Supervisors does hereby **PROCLAIM** the month of May 2022, is Older Americans Month in the County of Fluvanna, and we urge every resident to recognize the contributions of our older citizens, help to create an inclusive society, and join efforts to support older Americans' choices about how they age in their communities.

Passed and adopted this 20th day of April, 2022.

John M. Sheridan
Chair, Board of Supervisors

BOARD OF SUPERVISORS

County of Fluvanna
Palmyra, Virginia

RESOLUTION No. 08-2021

A RESOLUTION RECOGNIZING JACOB CHARLES KROUSE AWARD OF EAGLE SCOUT STATUS

The Fluvanna County Board of Supervisors adopted the following resolution on Wednesday, April 20, 2022:

WHEREAS, the Boy Scouts of America was incorporated by Mr. William D. Boyce on February 8, 1910; and

WHEREAS, the Boy Scouts of America was founded to promote citizenship, training, personal development and fitness of individuals; and

WHEREAS, Jacob Charles Krouse has completed all the requirements for becoming an Eagle Scout; and

WHEREAS, Jacob has been examined by an Eagle Scout Board of Review and deemed worthy of the Eagle Scout award; and

WHEREAS, Boy Scout Troop 138 will be convening an Eagle Scout Court of Honor on April 24, 2022 at 2:00 p.m. at Saints Peter and Paul Roman Catholic Church, Palmyra, Virginia; and

WHEREAS, the Fluvanna County Board of Supervisors fully supports the programs of the Boy Scouts of America and recognizes the important services they provide to the youth of our Country.

NOW, THEREFORE BE IT RESOLVED that the Fluvanna County Board of Supervisors joins Tyler's family and friends in congratulating him on his achievements, the award of Eagle Scout status and acknowledges the good fortune of the County to have such an outstanding young man as one of its citizens.

THE FOREGOING RESOLUTION WAS DULY AND REGULARLY ADOPTED by the Fluvanna County Board of Supervisors at a regular meeting of the Board held on the 20th day of April 2022, by the following vote:

AGENDA ITEM STAFF REPORT**

TAB P

MEETING DATE:	April 20, 2022					
AGENDA TITLE:	Temporary Staff Stipend for Additional Duties – Black					
MOTION(s):	I move the Board of Supervisors approve a temporary stipend for Roger Black, Codes Ins/E&S Plan Reviewer, at the rate of \$100 per week, retroactive to March 21, 2022, while serving as the McIver Dam project manager, with such funds to come from the FY22 personnel contingency budget.					
STRATEGIC INITIATIVE?	Yes	No	If yes, list initiative(s):			
		X				
AGENDA CATEGORY:	Public Hearing	Action Matter	Presentation	Consent Agenda	Other	
				X		
STAFF CONTACT(S):	Eric Dahl, County Administrator and Donna Snow, Human Resources Manager					
PRESENTER(S):	Eric Dahl, County Administrator					
RECOMMENDATION:	I recommend approval of the motion as stated above.					
TIMING:	Effective March 21, 2022					
DISCUSSION:	Mr. Black has been serving as the McIver Dam project manager from the onset of the emergency. During this emergency, he has spent longer than regular scheduled hours on site, provided overnight monitoring during the emergency and has been on site daily overseeing the work of the contractor making sure it complies with reimbursement requirements of the Department of Conservation and Recreation. These tasks are above and beyond the requirements of a Codes Ins/E&S Plan Reviewer position. In addition to these additional responsibilities, Mr. Black has continued with regular job tasks. I am recommending approval of a \$100 stipend per week to compensate for the extra responsibilities. The temporary stipend will be in effect until the McIver dam project is complete, which is anticipated for approximately another 3 weeks.					
FISCAL IMPACT:	\$100 stipend per week will come from FY22 personnel contingency budget.					
POLICY IMPACT:	N/A					
LEGISLATIVE HISTORY:	N/A

MEETING DATE:	April 20, 2022				
AGENDA TITLE:	Temporary Staff Stipend for Additional Duties – Melton				
MOTION(s):	I move the Board of Supervisors approve a temporary stipend for Victoria Melton, Management Analyst, at the rate of \$150 per week, retroactive to March 27, 2022, until the Director of Finance position is filled, with such funds to come from the FY22 Finance Department personnel budget vacancy savings.				
STRATEGIC INITIATIVE?	Yes	No	If yes, list initiative(s):		
		X			
AGENDA CATEGORY:	Public Hearing	Action Matter	Presentation	Consent Agenda	Other
				X	
STAFF CONTACT(S):	Eric Dahl, County Administrator and Donna Snow, Human Resources Manager				
PRESENTER(S):	Eric Dahl, County Administrator				
RECOMMENDATION:	I recommend approval of the motion as stated above.				
TIMING:	Effective March 27, 2022				
DISCUSSION:	Mrs. Melton will be serving as acting Director of Finance, until the position is filled. Filling this role carries additional administrative and supervisory responsibility, as well as assisting to cover for any additional department vacancies. This is above and beyond the requirements of a Management Analyst. In addition to these new responsibilities, Mrs. Melton will continue with regular job tasks. I am recommending approval of a \$150 stipend per week to compensate for the extra responsibilities.				
FISCAL IMPACT:	\$150 stipend per week will come from FY22 Finance Department personnel budget vacancy savings.				
POLICY IMPACT:	N/A
