County Administrator Review

Fluvanna County is committed to providing an excellent quality of life for our citizens and businesses through the efficient delivery of core services and programs, while preserving the unique identity and rural character of the County.

PLEDGE OF ALLEGIANCE

I pledge allegiance, to the flag,
of the United States of America,
and to the Republic for which it stands,
one nation, under God, indivisible,
with liberty and justice for all.

GENERAL RULES OF ORDER

1. It shall be the duty of the Chairman to maintain order and decorum at meetings. The Chairman shall speak to points of order in preference to all other members.
2. In maintaining decorum and propriety of conduct, the Chairman shall not be challenged and no debate shall be allowed until after the Chairman declares that order has been restored. In the event the Board wishes to debate the matter of the disorder or the bringing of order; the regular business may be suspended by vote of the Board to discuss the matter.
3. No member or citizen shall be allowed to use defamatory or abusive language directed at any member of the Board or other person, to create excessive noise, or in any way incite persons to use such tactics. The Chair shall be the judge of such breaches, however, the Board may by majority vote of the Board members present and voting to overrule the judgment of the Chair.
4. When a person engages in such breaches, the Chairman shall order the person's removal from the building, or may order the person to stand silent, or may, if necessary, order the person removed from the County property.

RULES OF PROCEDURE FOR PUBLIC HEARINGS

1. PURPOSE
 - The purpose of a public hearing is to receive testimony from the public on certain resolutions, ordinances or amendments prior to taking action.
 - A hearing is not a dialogue or debate. Its express purpose is to receive additional facts, comments and opinion on subject items.
2. SPEAKERS
 - Speakers should approach the lectern so they may be visible and audible to the Board.
 - Each speaker should clearly state his/her name and address.
 - All comments should be directed to the Board.
 - All questions should be directed to the Chairman. Members of the Board are not expected to respond to questions, and response to questions shall be made at the Chairman's discretion.
 - Speakers are encouraged to contact staff regarding unresolved concerns or to receive additional information.
 - Speakers with questions are encouraged to call County staff prior to the public hearing.
 - Speakers should be brief and avoid repetition of previously presented comments.
3. ACTION
 - At the conclusion of the public hearing on each item, the Chairman will close the public hearing.
 - The Board will proceed with its deliberation and will act on or formally postpone action on such item prior to proceeding to other agenda items.
 - Further public comment after the public hearing has been closed generally will not be permitted.

Fluvanna County is committed to providing an excellent quality of life for our citizens and businesses through the efficient delivery of core services and programs, while preserving the unique identity and rural character of the County.

Incentive Plan for Fluvanna County Fire and EMS Volunteers

Goal: To drive recruitment, retention and increased participation of Fluvanna County Volunteers by providing an increased incentive plan for volunteers to staff more often for immediate response to calls. This will also decrease response times to fire and ems calls.

Proposal:

Tier	Incentive Amount	Hour Requirement
1	\$595	288 Duty Crew Hours/year (minus number of call hours while on Duty Crew).
2	\$300	144 Duty Crew Hours/year (minus number of call hours while on Duty Crew).
3	\$175	Leadership / Administration (limit to 3 per station)

Guidelines:

- Duty crews must be signed up at least 12-hours prior to their shift. The use of the county Emergency Service computer software will track the hours for each of the members of the departments.
- Hours are based on annual participation, not monthly average.
- Volunteer can receive credit for hours at any station within Fluvanna County, but will only qualify for one incentive.
- Duty crew hour credit is only awarded for hours physically in station.
- There must be a minimum of 4 hours while on duty crew.
- Credit for calls are only awarded if member either:
 - Arrives at station and responds on apparatus
 - Responders that have to drive by the incident to reach an apparatus may respond directly in POV
 - EMS Response assistance (lift assist) and may respond directly in POV
 - Fire and EMS volunteer training

Criteria for Fire unit (max of 4 positions per unit for duty crew credit):

- Fire Apparatus – FF1, Haz-Mat Awareness, EVOC 3 (if driving), and must be staffed with a minimum of two personnel fitting this criteria for a duty crew.

Criteria for EMS unit (max of 4 positions per unit for duty crew credit):

- Certified as EVOC, EMT, AEMT, Intermediate, or Paramedic
 - Additional members with CPR, EMT, AEMT, Intermediate or Paramedic or Students in EMS classes including personnel precepting for release.

Payout:

• FY25 - Tracking of time will be January 1, 2025 to June 30, 2025. Requirement hours for this period will be half of the above yearly totals and the incentive amount will be half the amount as well.

• FY26 and beyond - Tracking of time will be July 1, 2025 to June 30, 2026. Tracking will continue following the fiscal year thereafter.

- Payout once per year, typically 3-4 weeks after finance receives all verified data from all volunteer companies and stations.
- If volunteers don't make the Tier 1 requirements, they could qualify for Tier 2, but can only qualify for one tier per calendar year.
- Tier 3 – 3 support members to be chosen by the department leadership. Members must remain the same within the calendar year.

Ms. White:

Enteros Design is pleased to present this proposal for a Space Study and Conceptual Evaluation of the County of Fluvanna government buildings identified in RFP #2024-11. This proposal incorporates the scope of services identified in the RFP for the Space Study and our recommendations for a conceptual evaluation needed to define the project parameters. The following proposal summarizes our project understanding, Scope of Services, and proposed fees.

The County has requested an update to the 2019 space study completed by Crabtree, Rohrbaugh & Associates to more accurately define the needs for the new County Administration building, new Social Services building, renovation of the existing Administration building, renovation of the existing Social Services building, potential expansion of the Sheriff's office, and improvements to access and security in the Courthouse. We anticipate the following Scope of Services for the study.

SCOPE OF SERVICES

Programming

- Conduct a kickoff meeting with County officials and key stakeholders
- Gather any existing documents and information provided by the County
- The departments listed in the RFP will be included in the programming effort
- Develop a questionnaire to be completed by the department heads
- Review the questionnaire and interview the department heads to define the space requirements
- Develop a preliminary list of spaces, square footages, and requirements for each department
- Prepare building programs for each department listing the spaces, square footage, and support facilities needed for each building.
- Review the building program with County officials and department heads and revise based on comments received in the review meeting

Existing Conditions Assessment

- Review existing documents and reports for each building and site
- Visit each building and site to review existing conditions
- Provide a written report summarizing the general condition of each building and site
- Provide a summary of existing factors which could influence the building or site design

Prepare Conceptual Diagrams and Narratives

- Prepare conceptual diagrams showing the location of each department and its size relative to new or existing buildings

Prepare diagrams showing the size and conceptual shape of each building on a site plan
Show conceptual site improvements and parking
Provide conceptual design narratives summarizing the anticipated architectural, civil, structural, mechanical, electrical, and plumbing requirements for each building
Review the Conceptual Diagrams with County officials and department heads and revise based on comments received in the review meetings

Budget Estimates and Final Report

Prepare conceptual budget estimates for each building
Review the budget estimates with the County
Prepare a final compiled report
Present the report to the County

We will use the services of Timmons Group, Dunbar, and Pace Collaborative for conceptual engineering evaluations. The proposals from these engineering firms are included in this proposal and their Scopes of Service are incorporated into this agreement.

We anticipate a total of 10 days of onsite meetings or site visits for this phase of the project. These visits will be used for programming meetings, existing conditions assessments, and presentations. Additional meetings can be arranged through Zoom as needed. We will rely on the County to efficiently schedule meetings with department heads to accommodate a maximum of 10 days of onsite meetings.

PROPOSED FEES

We have developed the enclosed fee schedule for review and consideration by the County. We have incorporated the services we feel are appropriate at this phase of the project, but we can adjust as needed to meet the County's needs. The services listed will provide the County with a good understanding of the project parameters, the size and scope of each building, and the potential costs. This study will form the basis for moving forward with full design and construction documents for the project.

For reimbursable expenses such as mileage, printing, shipping, etc. we will bill our cost plus 15%. We do not anticipate a significant amount of reimbursable expenses on this phase of the project.

I hope that this proposal meets your expectations, but please let me know if you have any questions or adjustments are needed. We look forward to working with the County of Fluvanna on these important civic buildings.

Sincerely,
Enteros Design, PC

Dear Mr. Entzminger:

Timmons Group is pleased to offer this non-binding proposal to support Enteros Design, PC in their efforts to prepare a space needs assessment, site assessments, and conceptual studies of the site for new construction. It is our understanding this proposal is for budgetary purposes as requested by Fluvanna County with a general scope to perform the space needs assessment. At this time Timmons has excluded supplementary services such as geotechnical exploration, wetland delineation, and topographic survey. These along with other supporting services may be provided as requested and are recommended as early as the project budget and schedule allow for a more informed approach to the concept planning particularly on the site for new construction. Of the three listed, Geotechnical and wetland delineation may be the most rewarding early due diligence investments to make. The site is forested and GIS topography should suffice for planning purposes making survey less critical at this stage. We appreciate the opportunity and look forward to working with you to achieve the vision for this project.

We will proceed only after a signed Agreement is reached. Please note that fees quoted are valid for sixty (60) days from the date first written above.

SCOPE AND SCHEDULE OF SERVICES:

Timmons Group is happy to estimate the services and fees as detailed on the Scope of Services attached as Exhibit A (the "Scope of Services").

Timmons Group

1/2/25

Date

EXHIBIT A

SCOPE OF SERVICES

Timmons Group is providing the following engineering services and budgets relative to the Fluvanna Admin/DSS new construction and renovations of their existing Admin, Court (partial), and DSS buildings, located within Fluvanna County, VA. Individual tasks and services are noted below as fixed fees with non-binding budgets estimated for the scope of work.

Engineering Support Services

Task 1: New Construction Preliminary Site Assessment

- It is understood there is only one (1) site for the new construction under consideration with this project located on TM 30-A-3. The new build site is generally located just west of the existing roundabouts on site and north of Thomas Jefferson Parkway utilizing the existing site access. Only this Should additional sites be considered additional fees will be required.
- Review of available past reports and drawings relevant to the new construction site
- Site visit to visually assess the existing site conditions
- No exhibits of proposed concepts will be prepared by Timmons Group as a part of this task. It is understood Enteros will produce all concept drawings. Timmons will consult on the graphics prepared by Enteros for site impacts and planning.
- Summary of site requirements for proposed new construction to be provided to Enteros in written or tabular form for their use in planning and preparation of graphics
- Written narrative summarizing site assessment findings to include elements such as: topography, utilities, stormwater, parking, site access, grading, etc. It is assumed Enteros will provide a format of the written deliverables for Timmons to enter site data as a sub section of an overall report. Narratives to be provided in word format.
- Preliminary SWM evaluations for spatial planning purposes.
- It is assumed site cost data will be provided by others and is thus excluded.

Task 2: Three Existing Sites (Admin & Court, DSS, Sheriff) Preliminary Assessment

- Review of available past reports and drawings relevant to the existing sites.
- Timmons Group will perform a site visit of each existing site to visually assess the built condition. This visit will produce an annotated diagram of important findings produced in Bluebeam utilizing available record drawings provided for each site by the owner.
- The site assessment relevant to the Admin & Court site will be primarily focused on a potential connection between the two buildings. Additionally it is expected consideration will be needed for potential security improvements on site for the parking and ramifications to vehicular site access points.
- ADA accessibility will be assessed visually for general compliance and may be supplemented by a digital smart scale as needed. This scope does not provide a full and robust ADA evaluation to confirm compliance. Detailed topographic survey data would be required for such an evaluation. Rather this effort is intended to identify and fatal flaws or glaring issues with ADA access for the existing buildings.
- No exhibits of proposed concepts will be prepared by Timmons Group as a part of this task. It is understood Enteros will produce all concept drawings. Timmons will consult on the graphics prepared by Enteros for site impacts and planning.
- It is assumed site cost data will be provided by others and is thus excluded.

EXHIBIT A

SCOPE OF SERVICES

Task 3: Transportation Engineering Preliminary Site Assessments

- Timmons Group will perform a preliminary trip generation study for the new uses/construction on the new build site (TM30-A-3) to determine if any transportation-oriented improvements may be necessary for the existing site entrance along Thomas Jefferson Parkway.
- Evaluations will be conducted on the existing site entrances of the Admin & Court site and DSS for planning purposes to identify and existing deficiencies or non-conforming access.
- This task specifically excludes performing any trip counts in the field. VDOT data will be utilized as available for evaluation of site access from VDOT roads
- This task specifically excludes the preparation of a TIA report or similar. This task is only a preliminary study to identify potential/probably high-cost transportation improvements for the project.
- Findings of this task will be summarized within the same word document(s) of the above written narratives to be provided to the Architect in digital format for use at their discretion.

Task 4: Meetings

- Timmons group will actively participate in up to five (5) virtual team meetings and owner meetings. The availability for meetings under this task fee will be reduced to three (3) meetings should they be in person.
- This task will also support the efforts to discuss with Fluvanna County staff as needed in the planning process.

SUMMARY OF SERVICES

Engineering Support Services

All services are Fixed Fee unless otherwise noted below as T&M (hourly)

Task 1: New Construction Preliminary Site Assessment	\$9,745
Task 2: Three Existing Sites (Admin & Court, DSS, Sheriff) Preliminary Assessment	\$10,675
Task 3: Transportation Engineering Preliminary Site Assessments.....	\$5,000
Task 4: Meetings	\$2,500
Reimbursable Expenses.....	\$1,000

Re: Fluvanna Government Complex – Building Space Study Phase
Dunbar #2501-03.00

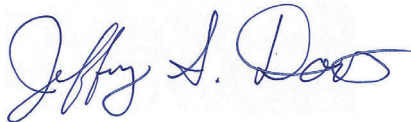

Dear Gil,

We understand that the county has asked our team for a fee proposal for only the Space-Study portion of the project. We believe the scope of structural engineering work to be confined to the following tasks and have indicated the estimated number of hours to complete those tasks.

1. Review available past reports and drawings. (6 hours)
2. Review existing buildings and sites in person. (10 hours)
3. Review and collaborate with team on proposed concepts. (8 hours)
4. Provide a written narrative of existing structural conditions. (8 hours)
5. Provide a summary of structural requirements for proposed concepts. (10 hours)
6. Provide Word document and any diagrams to architect for report. Dunbar will provide 8.5x11 technical specification sections for structural construction work. (Covered in 1-5 above)

Based on our assumptions above, we estimate a total work effort of 42 hours x \$194/hr. (Sr. EGR) = **\$8,148 Fixed Fee**

Attention: Gil Entzminger

Reference: Fluvanna County Existing Building Condition Assessment
Non-Binding Fee Proposal

Dear Gil:

We write to offer our non-binding fee proposal to provide Mechanical and Electrical Engineering Services for the referenced project. Our scope of work will include a condition assessment of the MEP systems of the existing Fluvanna County Admin Building, Social Services Building, and existing Sheriff Building at the existing Fluvanna County Courthouse Complex, in Fluvanna County, Virginia. Our efforts will consist of a review of the existing condition report and supporting documentation, a visual survey of the readily accessible MEP systems and components within the space, as well as the major equipment that serves the space. A report will be developed outlining the system conditions, and will include recommendations for repairs, replacement, or upgrades. Our effort does not include dismantling or disassembling any systems, or evaluations of water damage, mold, mildew, etc. In addition, PACE will provide input on the proposed MEP systems as it relates to the proposed conceptual utilization plans developed by the architect for the new County Administration Building, new Health Building, existing Sheriff Building, existing Courts/Administration Building and existing Social Services Building.

The evaluation of the following systems is included in our scope of work:

- A. Interior plumbing systems.
- B. Sprinkler systems.
- C. Heating, ventilation, and air conditioning systems.
- D. Electrical service, power distribution and general power systems.
- E. Interior lighting systems and controls.
- F. Fire alarm systems.

Our fees for these services are as follows:

Existing Condition Assessment (including Field Investigation) .	\$ 11,600.00
Proposed Conceptual MEP Narratives	\$ <u>6,000.00</u>
Total Engineering Services	\$ 17,600.00

We hope this meets your understanding and approval. Should you have any questions or concerns regarding these matters, please do not hesitate to contact us. Thank you once again for your consideration of PACE Collaborative on this project.

Respectfully,
PACE Collaborative

PROJECT AGREEMENT # 01
TERM CONTRACT BETWEEN COUNTY AND ARCHITECT/ENGINEER FOR
PROFESSIONAL SERVICES

Space Needs Study for Administration and Social Services Buildings

This Project Agreement #01 (the Project Agreement") made this ___ day of _____, 2025 between Fluvanna County, Virginia (the "County"), a political subdivision of the Commonwealth of Virginia, and Enteros Design, P.C. ("A/E"), a Virginia corporation, is an addendum to that TERM CONTRACT BETWEEN COUNTY AND ARCHITECT/ENGINEER FOR PROFESSIONAL SERVICES dated the ___ day of _____, 2025 (including all exhibits, and as modified by any amendments or addenda thereto the "Agreement"). All defined terms in the Agreement shall have the same meaning in this Project Agreement unless the context used herein requires otherwise.

Whereas, pursuant to the Agreement the County shall issue written task orders to the A/E as services are needed;

Whereas, the A/E submitted a proposal letter dated January 3, 2025 for a Space Study and Conceptual Evaluation of the Fluvanna County Administration and Social Services buildings (the "Proposal") which is attached hereto as **Exhibit 1** and made a material part hereof;

Whereas, the County desires that the Consultant complete the work and services set forth in the Proposal, including, without limitation, the services described in the "Scope of Services" section, which services are generally described therein as:

- The purpose of this task order ("Task Order") will be to accurately define the needs for the new Administration and Social Services building(s), renovation of the existing Administration and Social Services buildings, potential expansion of the Sheriff's office, and improvements to access and security in the Courthouse.

Now therefore, for good and valuable consideration, the parties hereby agree as follows:

ARTICLE I: THE AGREEMENT

The foregoing recitations are incorporated by reference into this Project Agreement.

This Project Agreement is an addendum to and made a material part of the Agreement. The parties hereto agree that except as specifically and expressly modified hereby that Agreement remains in full force and effect and the provisions of the Agreement are incorporated herein and are a material part hereof.

ARTICLE II: TASK ORDER

Consultant shall provide all work and services as needed and necessary or desired to complete Services on the Task Order consistent with all provisions of this Project Agreement, the Proposal, and the Agreement.

The County's project manager for technical inquiries relating to this Project Agreement shall be:

Dale Critzer
Director of Public Works
197 Main Street
P.O. Box 540
Palmyra, VA 22963

Phone: (434) 591-1925 Ext. 1008
Email: dcritzer@fluvannacounty.org

Billing inquiries should be directed to Victoria Melton, Finance Director, whose contact information appears below in Article VI.

ARTICLE III: EXHIBITS AND RESOLVING CONFLICTS

The rights and duties of the County and Consultant applicable to the County's projects under this Project Agreement are set forth in the following Agreement Documents:

- i. This Project Agreement;
- ii. Exhibit 1 hereto, being the Proposal;
- iii. Exhibit 2 hereto, being the Term Contract for Professional Services dated _____, 2025 and including exhibits thereto; and
- iv. Exhibit 3 hereto, being the County of Fluvanna General Terms Conditions and Instructions to Bidders and Contractors

Whenever possible, the terms of the above Agreement Documents shall be read together, however in the event of a conflict, the order of preference above shall govern which Document will control. In other words, (i) shall control over (ii) to (iv) above, and (ii) shall control over (iii) and (iv) and so forth.

ARTICLE IV: FEES

The A/E shall receive up to a not-to-exceed total of ONE HUNDRED THIRTY-SIX THOUSAND TWO HUNDRED NINETY-FIVE DOLLARS (\$136,295.00) based on actual time worked, which shall be payable by the County MONTHLY based on actual time worked upon Final Completion of the Services.

The flat fee is a not-to exceed amount. The hourly fees up to the not-to-exceed total per task shall be payable by the County upon proper invoice by the A/E as described herein. The A/E shall submit invoices to the County monthly for services actually rendered on each subtask and upon final completion. The invoice shall describe the services rendered to date with specificity. The A/E will be paid within forty-five (45) days of receipt of a valid invoice following final acceptance of all work by the County in the County's sole discretion ("Final Completion"). No invoice may be provided by the A/E to the County until the items or services purchased have been delivered to, inspected by and accepted by the County. In no event shall the fees invoiced or due under this Project Agreement exceed \$136,295.00 total.

Notwithstanding anything to the contrary contained in the Proposal, the A/E shall be paid the lower of the hourly rate for the title/type of person actually performing the work set forth in the Proposal hereto or the hourly rate set forth in **Exhibit 2** to this Agreement, up to the not-to-exceed fees for the Task Order Services set forth in this Project Agreement. The County shall be billed for increments of an hour based on A/E's standard procedure except as otherwise required by the Agreement.

The fee includes all fees, costs and charges of any kind to perform all the services and work, including supplying at its own cost and expense any necessary tools, equipment or materials necessary or desirable for completion of the task specified.

ARTICLE V: TERM

A/E shall with due diligence and dispatch assiduously pursue this Task Order to completion. In any event such Services and work on this Task Order must be completed to the sole satisfaction of the County

no later than two (2) months from the date the County executes this Project Agreement, time being of the essence.

ARTICLE VI: MISCELLANEOUS

As appropriate to the context, the singular will include the plural and vice versa, and reference to one gender will include the others. This Project Agreement may be executed in one or more counterparts, each of which will be considered the Project Agreement for all purposes of proof. In addition to allowing electronic signatures upon an electronic copy of this Project Agreement, as provided by Virginia law, facsimile signatures upon any signature page will be considered to be original signatures. This Project Agreement contains the entire understanding of the parties with respect to the subject matter hereof and is to be modified only by a writing signed by the parties to this Project Agreement. This Project Agreement will be binding upon and inure to the benefit of the respective parties and their successors. This Project Agreement is not assignable by either party, except by operation of law. Adoption & Amendment History

The Solid Waste Management Plan was adopted by the Thomas Jefferson Planning District Commission (TJPDC) on June 29, 2004. Further planning work was required beyond 2004 because the planning unit did not achieve the required 25% recycling rate. The plan was considered final by the DEQ in 2006 when the planning unit reached the required recycling rate. The required five-year update of the plan was adopted by the TJPDC on October 6, 2011 with a subsequent update and adoption by the TJPDC on October 6, 2016. The 2021 update was adopted by the TJPDC on October 7, 2021. Amendments include:

- A major amendment for a Dominion Energy captive industrial landfill in Fluvanna County to be added to the plan. On March 3, 2022, a public comment period was held during the Thomas Jefferson Planning District Commission's meeting. The TJPDC Commission passed the resolution and adopted the plan on March 3, 2022. DEQ notified the TJPDC in 2025 that this did not meet major amendment requirements. Fluvanna County is providing public notice, holding a public comment period in March of 2025, and holding the required Public Hearing at the regularly scheduled Board of Supervisors Meeting on March 19, 2025.
- A minor amendment regarding the change of ownership for a transfer station in Troy (from Republic to GFL of Virginia), as well as an increase in operating capacity (from 500 to 850 tons per day). The amendment was shared with DEQ in November of 2024. GFL is in the process of submitting both permit modifications.

WASTE REDUCTION AND REUSE

The Encore Shop, part of the Ivy MUC, provides a protected area where people can leave reusable items and pick up items for re-use. Mulch from the grinding of stumps and brush is sold there as well. Household hazardous waste and amnesty days (furniture, mattresses, appliances, and tires) are held at the Ivy MUC during advertised special events. A book exchange is offered at the McIntire Recycling Center. Regular disposal is also available for household paint, motor oil, and antifreeze.

Fluvanna County**COLLECTION AND TRANSPORTATION**

Individuals, businesses, and industries are generally responsible for waste hauling and recycling activities via either contract with a private firm or self-delivery to the convenience center located in Fork Union. The convenience center is open to the public Tuesday from 9:00am to 4:00pm, Thursday from 11:00am to 7:00pm, and Saturday - 8:00am to 5:00pm. It accepts newspaper, cardboard, telephone books, aluminum cans, plastic bottles, glass, and used motor oil free of charge, and MSW at \$57/ton, with an \$8 minimum. Tires and appliances are also accepted at a charge. The convenience center is closed to any commercial waste. The Van der Linde Zion Crossroads Recycling Center accepts construction and demolition debris and MSW. At Lake Monticello, a private hauler collects MSW; curbside recycling is included for plastics, glass, metal, and newspaper. County residents can also self-haul recyclable materials to the Van der Linde Zion Crossroads Recycling Center, which provides a convenience center type drop-off area at no charge. The GFL of Virginia, LLC Troy Transfer Station operates as a transfer station for the delivery, handling, storage and transfer of MSW and single-stream recyclables.

STORAGE, TREATMENT AND DISPOSAL

The Zion Crossroads Recycling Center operates as a materials recovery facility, hauling processed materials to secondary market recyclers and unacceptable materials to the Amelia County landfill. RSWA has a contract with Fluvanna to bring its wood grinding operation to Fluvanna on an as-needed basis.

There is a private Captive Industrial Landfill planned in Bremono Bluff in Fluvanna County to manage coal ash from Dominion Energy beside the Bremono Power Station, as required by VA Legislation. Information about the project is available here: www.dominionenergy.com/BremonoCCR.

WASTE REDUCTION AND REUSE

Fluvanna encourages citizens to recycle by offering free recycling collection at the convenience center while charging for MSW collection. The County also oversees a low-maintenance reuse facility consisting of a covered lot where citizens can leave reusable items that others are free to pick up, free of charge.

Greene County**COLLECTION AND TRANSPORTATION**

Individuals, businesses, and industries are generally responsible for waste hauling and recycling activities via either contract with a private firm or self-delivery. County residents may use the transfer station and recycling center located off Route 33 at 358 Mays Road, southeast of Stanardsville. The facility is open Monday through Saturday from 8 am to 4 pm. Recyclables collected include plastic, paper (newsprint, magazines, and phone books), metals, and corrugated cardboard. White goods, appliances, tires, furniture, and construction and demolition debris are also accepted. The transfer station accepts MSW from county residents, private haulers, and commercial sources.

Subject: Major Amendment to Thomas Jefferson Solid Waste Management Plan Regarding Dominion's Planned Captive Industrial Landfill

Pursuant to the requirements of 9VAC20-130-175 and 9VAC 20-130-130 of the Virginia Solid Waste Planning and Recycling Regulations, the Thomas Jefferson Solid Waste Planning Unit is required to provide public notice and hold a public hearing in Fluvanna County to provide the public the opportunity to comment on the proposed Major Amendment regarding the addition of Dominion Energy's captive industrial landfill in Bremono Bluff to the Thomas Jefferson Solid Waste Management Plan (SWMP).

A major amendment is required when there is an addition of any solid waste disposal facility within the planning unit. This amendment includes adding information about the captive industrial landfill to the plan and recording the major amendment process. Pages of the plan that were edited to incorporate the major amendment include pages 2, 10, and 15, which are attached. The entire Thomas Jefferson Solid Waste Management Plan can be accessed at <https://tjpd.org/our-work/solid-waste/>.

The major amendment to the SWMP must be submitted to the Department of Environmental Quality for approval following the public hearing. It is important to note that DEQ approval of this major amendment does not constitute DEQ approval of the facility permit application for the landfill. Virginia DEQ will have a separate review process for the permit application. The proposed hearing date is March 19th, 2025, during the regularly scheduled Fluvanna County Board of Supervisors meeting.

Further information about the project can be found on Dominion's website:

<https://www.dominionenergy.com/BremoCCR>.

Recommendation: The TJPDC recommends the Fluvanna County Board of Supervisors authorize advertising the public hearing, through public notice, and hold the public hearing in accordance with state requirements.

9VAC20-130-100. Amendment of solid waste planning unit boundaries.

The director may amend a solid waste planning unit's boundary based on an application from the governing body of the solid waste planning unit. Along with the application, each locality (within the original region and any locality being added) must submit a letter acknowledging the change in the boundary. Once the director amends a solid waste planning unit's boundary, the solid waste planning unit must amend the solid waste management plan as required by [9VAC20-130-175](#). Any locality that withdraws membership from a regional solid waste planning unit must become a member of an existing solid waste planning unit or develop and submit a solid waste management plan for approval as specified in [9VAC20-130-110](#).

Virginia Administrative Code
Title 9. Environment
Agency 20. Virginia Waste Management Board
Chapter 130. Solid Waste Planning and Recycling Regulations

9VAC20-130-175. Amendments to plans.

- A. Amendments to the plans shall be classified as major or minor as described in this section.
- B. Major amendments.
1. Major amendments shall include:
- a. Any addition, deletion, or cessation of operation of any solid waste disposal facility;
 - b. Any increase in landfill capacity;
 - c. Any change that moves toward implementation of a waste management strategy that is lower in the waste management hierarchy;
 - d. Action plans, including an action plan to address a planning unit's recycling rate that has fallen below the statutory minimum; or
 - e. Any change to membership in the approved area. Director approval of changes to planning unit boundaries, as described in [9VAC20-130-100](#), shall occur prior to submission of solid waste plan amendments to revise plan membership.
2. Major amendments shall require the same public participation as detailed in [9VAC20-130-130](#) B before being submitted, by mail or electronic mail, to the department for approval prior to implementation.
3. The department shall review major amendments and approve or return comments on any deficiencies no later than 90 days from the date the amendments are received. In the event the department is unable to complete its review within 90 days, the applicant will be notified and given a date as to when the review will be completed. No department approval shall be necessary for minor amendments.
4. Each submitter who receives comments on his major plan amendment under subdivision B 3 of this section shall submit a corrected amendment to the department no later than 90 days following notification of deficiencies.
5. Major amendments approved without alteration shall become effective upon notification. If after review of the corrected amendment submitted pursuant to subdivision B 4 of this section, the department cannot approve the corrected amendment because it finds the amendment not to be in accordance with this chapter, it will issue a notice of intent to disapprove to the submitter. The notice of intent to disapprove shall set forth (i) the reason for the disapproval, (ii) what is required for approval, and (iii) the right of the submitter to an informal fact-finding proceeding under Chapter 40 (§ [2.2-4000](#) et seq.) of Title 2.2 of the Code of Virginia. The department will give priority consideration for review of corrected amendments when the planning unit has a pending permit application for a solid waste management facility.

C. Minor amendments.

1. Minor amendments shall include:

- a. Any addition, deletion, or cessation of operation of any facility that is not a solid waste disposal facility;
- b. Any change that moves toward implementation of a waste management strategy that is higher in the waste management hierarchy; or
- c. Any nonsubstantive administrative change such as a change in name.

2. Minor amendments shall be submitted, by mail or electronic mail, directly to the department for notation. The planning units are the repository for the minor amendments to the plans.

PUBLIC HEARING
Fluvanna County Board of Supervisors
Wednesday, March 19, 2025, at 7:00 p.m.

Pursuant to the requirements of 9 VAC 20-130-130 of the Virginia Solid Waste Planning and Recycling Regulations, the Thomas Jefferson Solid Waste Planning Unit will hold a public hearing in Fluvanna County to discuss a proposed Solid Waste Plan Major Amendment regarding the addition of Dominion Energy's captive industrial landfill in Bremono Bluff to the Thomas Jefferson Solid Waste Management Plan (SWMP).

A "Captive industrial landfill" is an industrial landfill that is located on property owned or controlled by the generator of the waste disposed of in that landfill.

Major amendments to SWMPs are regulated under 9VAC20-130-175. A major amendment is required when there is an addition of any solid waste disposal facility. The major amendment to the SWMP must be submitted to the Department of Environmental Quality for approval, following the public hearing. This amendment includes adding information about the captive industrial landfill to the plan and recording the major amendment process.

The purpose of the public hearing is to allow the public an opportunity to comment on the major amendment. The public hearing will be held on March 19, 2025 during the regularly scheduled Fluvanna County Board of Supervisors Meeting.

The Thomas Jefferson Solid Waste Management Plan can be found at <https://tjpd.org/our-work/solid-waste/>.

Information about the project can be found on Dominion's website here:

Governor Glenn Youngkin announced on January 17, 2025 that 35 preservation projects from across the Commonwealth have been awarded grant funding through the Virginia 250 Preservation Fund.

- Following a preapplication screening process in the summer of 2024, The Department of Historic Resources (DHR) invited 218 out of 227 initial preapplicants to submit a full application for the program. DHR received 166 completed full applications. A DHR internal review panel, with input from representatives in the Office of the Commonwealth's Secretary of Natural and Historic Resources and the Governor's Office, selected 35 projects for a total of \$19,993,983.26 in funding.
- Fluvanna County received \$785,504.50, for the Historic Courthouse Restoration Project. This project involves exterior and interior repair and rehabilitation of historic features, as well as updates to the electrical system to allow the building to meet the needs of the 21st century community.

- A big thank you to Kathleen Kilpatrick for all her hard work submitting the grant proposal!

Fluvanna County Department of Social Services coordinated the Christmas sponsors program again this year.

- 27 sponsors provided Christmas gifts for 24 seniors and 119 children!
- A big thanks to Jane Wilson who does a phenomenal job coordinating the program each year, and to all of our sponsors.

Authorization to Advertise for Food and Beverage Tax Public Hearing – Dan Whitten, County Attorney

Overview

- Virginia Code Sec. 58.1-3833 authorizes Counties to now implement a meals tax without a referendum, effective July 1, 2020.
- The Board considered the option of implementing a meals tax in our County and put the referendum question to the voters in November 2018, but it failed to pass.
- Virginia Code Sec. 58.1-3833 states that a County may not impose a meals tax until six years after a referendum failed.
- With this language, Fluvanna was prohibited from adopting a meals tax ordinance until November 2024.
- A conservative estimate shows that a meal tax could generate \$300-\$600K annually, which equates to 1-2 cents of real estate tax.
- The board is eligible to implement the tax now that six years has passed.

Outline Of County Food And Beverage Tax Authority

- County is authorized to levy tax on food and beverages sold, for human consumption, by a “restaurant” as defined in Virginia Code Sec. 35.1-1
- Maximum rate of tax is 6%.
- Applies to alcoholic and non-alcoholic beverages served as part of a meal, but does not apply to gratuities.
- Despite the breadth of the definition of “restaurant” there are numerous exemptions, such as “in-house” cafeterias, etc., for employees only; non-profit fundraisers; churches and schools; hospitals, etc., for patients, et al.; day care centers; publically-owned facilities.
- Scope of tax coverage includes food stores serving ready-to-eat foods.
- Collection procedures established by local ordinance.

Options for Consideration

- Tax rate up to 6%
- Percent deduction for seller from monthly return, not to exceed \$100 (normally the percent deduction is no larger than 5%).
- Designated use for all or portion of revenue from tax.
 - School capital improvement projects, economic development, etc.
- *Mr. Mel Sheridan requested the Board of Supervisors make the start date of the Meals Tax August 1, 2025 to give staff enough time to implement the program.*
- *After much discussion, the Board agreed to advertise for an up to 6% food and beverage tax with half of the collected money to go towards future school construction.*

MOTION:	Advertise the amendments to County Code §§ 20-13-1 through 20-13-13 for a public hearing to be held March 19, 2025.

RESOLUTION No. 03-2025

**A RESOLUTION TO OPPOSE HOUSE BILL 2126
 (DELEGATE RICHARD C. SULLIVAN, JR.)
 AND SENATE BILL 1190 (SENATOR R. CREIGH DEEDS)**

WHEREAS, the 2025 Virginia General Assembly has convened to consider the passage of legislation that would amend laws affecting the authority and operation of Virginia local governments; and

WHEREAS, the Board of Supervisors opposes House Bill 2126 and Senate Bill 1190 which establishes the Virginia Energy Facility Review Board (“Review Board”) and which requires localities to adopt an ordinance that is consistent with a model local ordinance for the siting, permitting, and zoning of critical interconnection projects and all other ground-mounted solar energy and energy storage projects; and

WHEREAS, the Review Board is required to issue its opinion on all critical interconnection projects within 90 days of receiving an application; and

WHEREAS, under the legislation, a locality's failure to make a final decision within the 180-day period after receiving the opinion from the Review Board, constitutes a granting of the zoning change, variance, special exemption, special use permit, or conditional use permit related to a critical interconnection project; and

WHEREAS, if the locality's final decision diverges from the Review Board's opinion, the locality is required to include a written determination setting forth all facts and conclusions reached by the locality that support its final decision; and

WHEREAS, under the legislation, in any appeal of the governing body’s decision by the applicant or the owner of the property, there is a rebuttable presumption that the opinion of the Review Board is correct; and

WHEREAS, localities should have the authority to address all impacts and all choices associated with utility-scale solar and battery storage facilities; and

WHEREAS, local review and approval of utility-scale solar and battery storage projects are necessary to determine if the use and location are consistent with a locality’s land use goals and objectives; and

WHEREAS, the state should not authorize the Review Board to have more authority than the locality over the siting of utility-scale solar and battery storage facilities.

NOW, THEREFORE BE IT RESOLVED that the Board of Supervisors of Fluvanna County hereby expresses its opposition of Senate Bill 1190 and House Bill 2126 which establishes the Virginia Energy Facility Review Board and which requires localities to adopt an ordinance that is consistent with a model local ordinance for the siting, permitting, and zoning of critical interconnection projects and all other ground-mounted solar energy and energy storage projects.

THE FOREGOING RESOLUTION WAS DULY AND REGULARLY ADOPTED by the Fluvanna County Board of Supervisors at a meeting of the Board held on the 22nd day of January 2025.

RESOLUTION No. 04-2025

**A RESOLUTION TO OPPOSE HOUSE BILL 2438
 (DELEGATE CANDI MUNDON KING)
 AND SENATE BILL 1114 (SENATOR SCHUYLER T. VANVALKENBURG)**

WHEREAS, the 2025 Virginia General Assembly has convened to consider the passage of legislation that would amend laws affecting the authority and operation of Virginia local governments; and

WHEREAS, the Board of Supervisors opposes House Bill 2438 and Senate Bill 1114 which provides that a ground-mounted solar energy generation facility to be located on property zoned agricultural, commercial, industrial, or institutional shall be permitted pursuant to various criteria to be included in a local ordinance, such as specifications for setbacks, fencing, solar panel height, visual impacts, and grading, and a decommissioning plan for solar energy equipment and facilities; and

WHEREAS, in Fluvanna County, utility scale solar generation facilities are authorized by special use permit in the Solar District, S-1; and

WHEREAS, localities should have the land use authority to determine the proper zoning district for land uses including utility-scale solar and battery storage facilities; and

WHEREAS, localities should have the authority to address all impacts and all choices associated with utility-scale solar and battery storage facilities; and

WHEREAS, local review and approval of utility-scale solar and battery storage projects are necessary to determine if the use and location are consistent with a locality’s land use goals and objectives.

NOW, THEREFORE BE IT RESOLVED that the Board of Supervisors of Fluvanna County hereby expresses its opposition of Senate Bill 1114 and House Bill 2438 which provides that a ground-mounted solar energy generation facility to be located on property zoned agricultural, commercial, industrial, or institutional shall be permitted pursuant to various criteria to be included in a local ordinance, such as specifications for setbacks, fencing, solar panel height, visual impacts, and grading, and a decommissioning plan for solar energy equipment and facilities.
